The next item on the agenda, presented by Ms. Hyman, was the authorization to execute a contract with Cummins Power Systems, LLC for the maintenance of the Conservancy Headquarters Emergency Generator.

Ms. Hyman explained that the Conservancy Headquarters has an emergency generator that allows the Conservancy to fulfill its role as an emergency service provider in times of emergency during a power outage. Other Authorities and agencies can use our space for a base of operations if necessary. The generator must be serviced and Cummins Power, whom constructed the original generator, also is the only who can maintain it. She said this request is to approve a three-year contract for a not to exceed total of $26,000.

Upon a motion made by Mr. Petracca and seconded by Mr. Capoccia, the following resolution was unanimously approved:
