The net position invested in capital assets, net of related debt, was a deficit of \$13.8 million and \$24.5 million at October 31, 2015 and 2014, respectively. Although investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since capital assets cannot be used to liquidate these liabilities. The Organization's \$64.6 million and \$68.4 million of restricted net assets at October 31, 2015 and 2014, respectively, represent resources that are subject to various external restrictions on how they may be used. These assets are generally restricted under bond resolutions and other agreements and for debt service.

The remaining balance is classified as an unrestricted deficit totaling \$695.2 million at October 31, 2015 resulting from the cumulative net excess revenues, which are transferred to the City annually.

3. Mission Statement and Performance Measures

3.1. Background

The Hugh L. Carey Battery Park City Authority (the “Authority”) is a public benefit corporation created in 1968, by the New York State Legislature, to be responsible for planning, developing and sustaining the residential, commercial, parks and open space located along the Hudson River at the tip of Lower Manhattan in New York City (the “City”). Home to 17,000 people, the work place of 40,000 more, and visited by countless thousands of people a year, New York’s Battery Park City is an asset to both the State and City.

According to the Battery Park City Master Plan of 1979, Battery Park City was envisioned not to be a self-contained community, but rather a neighborhood woven into the fabric of this great city. Through its contributions, the Authority is deeply committed to the mission of providing resources for the good of all neighborhoods throughout the City.

The commitment to sustainability is deeply ingrained in both the Authority and its affiliate, the Battery Park City Parks Conservancy (the “Conservancy”). The Conservancy has implemented sustainable horticultural and maintenance practices throughout the parks system for decades. The first “Green Guidelines” for new residential construction were issued in 2000 to establish a process that is for the creation of environmentally responsible buildings.

Through its layout and geographic orientation, Battery Park City is an intentionally knitted extension of the City’s streets and blocks. The names of streets heading east and west are purposely the same as those on the opposite side of West Street. Battery Park City was never considered an addition to New York City, but rather, a continuation of this dynamic City’s development into the 21st century.

3.2. Public Benefit

All decisions will reflect the public interest and support a public benefit to the Authority’s stakeholders, the City, the Authority’s tenants, residents and workers in Battery Park City, the downtown community, and tourists/visitors to Battery Park City, in the development of properties, creation of spaces, and in the provision of opportunity to the M/WBE community to share in the economic growth of the Battery Park City community. As an integral part of the lower Manhattan fabric, the Authority will seek to cooperate with and support both public and private sector entities whose missions are in concert with that of the Authority, and whose efforts directly benefit furtherance of same.

3.3. Mission Statements

Battery Park City Authority:

The Hugh L. Carey Battery Park City Authority is a New York State public benefit corporation whose mission is to plan, create, co-ordinate and sustain a balanced community of commercial, residential, retail, parks and open space within its designated 92-acre site on the lower west side of Manhattan.

Battery Park City Parks Conservancy:

The Battery Park City Parks Conservancy's mission is to manage, maintain, operate, repair, preserve and program activities to a world class standard for the residential parks, open space, and other public structures located on the 92 acre Battery Park City site on the lower west side of Manhattan.

3.4. The Mission Will be Accomplished by Following these Core Values:

Public-Private Partnerships

Public-private partnerships will continue to be the model for private sector development utilizing a competitive public bid process to optimize value.

Balance and Esthetics

New development will continue according to the approved Master Plan utilizing adaptable and sustainable quality design to create a model mixed use development which exemplifies excellence in architecture and urban planning.

Environmental Responsibility

All new development, as well as maintenance of parks, public spaces, and other property under Authority stewardship, will employ the latest high-performance environmental designs and techniques available.

3.5. Performance Measures

Office Building Development

- The Authority has completed development of the office buildings on its site.

Residential Building Development

- The Authority has completed construction on the last residential building on site, although certain buildings are being renovated by their owners.

Public Building Development

- Pursuant to an agreement with New York City, the Authority was tasked with redeveloping Pier A. The Authority completed the Pier A restoration work in accordance with a design which adhere to its "green" construction standards while preserving the landmarked historic features of the Pier and transforming Pier A into a Downtown New York destination and revenue producing asset.
- The Authority owns condo units around Battery Park City, which are used by museums, a public library, a community center and other cultural institutions.

Battery Park City Community Center (the "Community Center")

- Asphalt Green was chosen as the operator of the Community Center pursuant to a public procurement process. The Community Center, which opened in June 2013 and is located in certain of the Authority's condo units, is home to two swimming pools, a gymnasium, a fitness center, several classrooms, a teaching kitchen and a theater/auditorium.

Battery Park City's World Class Park System

- The Battery Park City park system is largely built out; however, there is a continuing need for infrastructure maintenance. The Authority annually reviews the maintenance and construction needs of the park system and updates its maintenance and its construction plans accordingly.

Maximize revenues/collect rents and PILOTs due under leases, etc. and minimize operating costs.

- The Authority has been reviewing and continues to review its commercial core leases to ensure that all revenues due to it under these leases are being collected, including periodic audits of leases. Also, it is currently pursuing arbitration to ensure that lease provisions are interpreted in such a way as to maximize these revenue streams.
- The Authority's FY 16 operating budget is the lowest annual budget in 13 years even as non-discretionary costs keep rising.

Maintain high credit ratings, minimize cost of debt service, and mitigate interest rate market risk on variable rate debt in a rising interest rate environment.

- On October 23, 2013, the Authority issued \$356,085,000 (\$407,120,987 inclusive of net premium) of fixed-rate tax exempt Senior Revenue Bonds, Series 2013A (the "2013 Series A Bonds") and \$6,700,000 (\$6,889,064 inclusive of net premium) of federally taxable, fixed-rate Senior Revenue Bonds, Series 2013B (the "2013 Series B Bonds"), for a total of \$414,010,051 fixed rate bonds. In addition, the Authority directly placed \$609,530,000 variable-rate Junior Revenue Bonds with three banks and bank affiliates, comprising \$210,865,000 of Junior Revenue Bonds Series 2013C (the "2013 Series C Bonds"), \$199,330,000 of Junior Revenue Bonds Series 2013D (the "2013 Series D Bonds"), and \$199,335,000 of Junior Revenue Bonds Series 2013E (the "2013 Series E Bonds") for a total of \$1,023,540,051. Proceeds from the 2013 Bonds were used to currently refund all Senior 2003 Series A Bonds (with the exception of \$16.1 million, paid November 1, 2013) and all Junior 2003 Series B and C Bonds; to finance \$85 million of infrastructure and other capital improvements; and to finance approximately \$10.8 million of bond issuance costs.
- The Authority achieved the highest credit rating of triple "AAA" given by the credit agencies for its senior lien debt (uninsured, revenue bonds) and a true fixed-rate interest cost of 2.77%.
- Each series of the approximately \$609,530,000 2013 Series C, D and E Bonds initially bears interest monthly at a variable rate based on a percentage of one-month LIBOR plus a fixed spread. The junior lien variable rate bonds credit rating was upgraded to Aa2 and in the new junior lien bonds refunded auction rate securities which were resetting at a 2x LIBOR rate. The credit rating on junior lien variable rate date was upgraded while lowering the costs of capital and mitigating future interest rate market risks.

Advance sustainable development/operation of Battery Park City

- The construction of Pier A and the Community Center is being accomplished in accordance with the Authority’s “green” design and construction guidelines. Additionally, the Authority is reviewing the feasibility of incorporating additional updated sustainable technologies within existing Battery Park City buildings.

Maximize opportunities for M/WBE participation in Authority contracts and development projects

- The Authority has a long track record of successfully utilizing M/WBE firms to help achieve our mission. The Authority has been able to consistently meet or exceed our annual targets because the Authority has not only adopted aggressive M/WBE goals but has maintained a strong outreach effort in order to expand the network of available firms as well as an extensive monitoring program to ensure that we meet our goals. During fiscal year 2013, the Authority built on our already strong program and sought new avenues for increasing our program participation. For the 2014 fiscal year, the Authority achieved 27% M/WBE utilization.

4. Debt Administration

The 2009 Revenue Bonds, issued in December 2009, totaling \$89 million, included \$56.6 million of federally taxable Build America Bonds and \$32.5 million (including a net premium) of tax-exempt bonds. - \$115,160,363 of the 2003 Series B Bonds was issued to finance certain infrastructure and other capital improvements. All of the 2003 Series B bond proceeds were utilized as of October 31, 2012.

- In conjunction with the refunding of all of its outstanding revenue bonds on October 16, 2003, the Authority issued \$292,537,963 of bonds (including \$90,328,477 of the 2003 Series A Bonds, \$68,968,136 of the 2003 Series B Bonds, and \$133,241,350 of the 2003 Series C Bonds) to currently refund \$250,390,000 of outstanding 1993 HNYC Senior Bonds.
- The refunding resulted in the reacquisition price exceeding the net carrying amount of the refunded debt by \$39 million. The difference between the reacquisition price and the net carrying amount of the refunded debt is reflected on the Authority's balance sheet as an unamortized loss on extinguishment of debt and is being amortized over the life of the old debt with a pro rata charge to interest expense.
- All 2003 Series A Bonds maturing after November 1, 2013 were currently refunded on October 23, 2013 and as of that date are no longer debt obligations of the Authority. All of the refunded 2003 Series A Bonds were redeemed on November 22, 2013.
- The Authority issued certain of the 2003 Series A Bonds at a discount and others at a premium, resulting in an overall net premium of approximately \$27 million. All unamortized net bond premiums were reclassified to Gain (Loss) on Extinguishment of Debt on October 23, 2013, when the bonds were refunded.
- All 2003 Series B Bonds and 2003 Series C Bonds were currently refunded on October 23, 2013 and, as of that date, are no longer debt obligations of the Authority. Redemptions of the Junior Series C hedged Bonds were completed between November 29, 2013 and December 26, 2013.

Swaps

On October 2, 2003, the Authority executed Swaps with three counterparties. The Swaps were executed in conjunction with the Authority's issuance of \$400 million of its 2003 Series C Bonds. The total notional amount of the Swaps was \$400 million. The effective date for the Swaps was October 16, 2003, which coincided with the delivery date of the 2003 Series C Bonds. The Authority executed the Swaps in order to effectively convert the variable-rate 2003 Series C Bonds to a net fixed rate. Based on the Swaps, the Authority owes interest calculated at a fixed rate of 3.452% to the counterparties that is paid semiannually. In return, the counterparties owe the Authority floating-rate interest equal to 65% of 30-day LIBOR, which is paid to the Authority on a monthly basis. The original notional amounts of the Swaps and the amortization thereof match the original principal amount of the refunded 2003 Series C Bonds and the amortization thereof. The Swaps were not terminated in connection with the issuance of the 2013 Series C, D, and E Bonds or the refunding of the 2003 Series C Bonds nor will the Swaps be treated as Qualified Hedges with respect to the 2013 Series C, D, and E Bonds.

The above table shows payments based on the Authority's pay-fixed-rate interest rate Swap payment obligation at an effective interest rate of 3.452% while the Authority's variable-rate receipts are based on the floating rate equal to 65% of 30-day LIBOR on October 31, 2015, which the counterparties are obligated to pay the Authority on a monthly basis. Although the pro-forma receipts shown are projected based on the latest interest rate at October 31, 2015 (65% of 0.1945% or 0.1264%), actual receipts will depend on the actual fluctuation of 30-day LIBOR.

The Authority is exposed to a limited degree of counterparty credit risk associated with the Swaps. However, each of the counterparties carries a rating in the "Baa1" or higher category from at least one of the nationally recognized credit rating agencies. The counterparties are required to post collateral to the extent that they experience an appreciable decline in credit rating and the Swaps have positive fair value for the Authority.

The Swaps would expose the Authority to basis risk should its interest payments on the variable-rate Bonds significantly exceed the receipts, which are based on 65% of 30-day LIBOR. On October 23, 2013, the Authority currently refunded its Series 2003 bonds. The interest rates on these bonds were effectively hedged by interest rate swaps, which were bifurcated as of the date of the current refunding. Accordingly, the fair value of the interest rate swaps on October 23, 2013 of negative \$70.1 million was recorded as an imputed borrowing by the Authority. The Authority also recorded the \$70.1 million as a deferred cost of refunding and reduced the deferred outflow of resources that had been recorded to offset the negative fair value of the interest rate swap to zero. Apart from the imputed borrowing, the interest rate swap agreements, which continue in effect and continue an effective hedge, had a fair value of zero at October 23, 2013, which decreased to a negative fair value of \$25.8 million at October 31, 2015. The change between the year ended October 31, 2015 and 2014 is a negative \$13.7 million, which is recorded as deferred outflow of resources and a liability on the Authority's statement of net position 2009 Revenue Bonds.

2009 Revenue Bonds

On December 22, 2009, the Authority issued \$56,600,000 of fixed-rate Senior Revenue Bonds (federally taxable – Build America Bonds), Series A (the "2009 Series A Bonds") and \$30,635,000 (\$32,446,008

inclusive of net premium) of various fixed-rate Senior Revenue Bonds, Series B (the “2009 Series B Bonds”), for a total of \$89,046,008. The bonds were issued for the following purposes:

- A total of \$85,000,000 of bonds (including \$55,000,000 of the 2009 Series A Bonds, \$30,000,000 of the 2009 Series B Bonds) were issued to finance certain infrastructure and other capital improvements.
- Funds aggregating \$1,544,849, representing the net proceeds of the bond issues after payment of underwriting fees, other issuance costs and allocation of funds to infrastructure and other capital improvements accounts, were deposited into a reserve fund.

The payment of principal commences in November 2032 on the 2009 Series A Bonds, while payment on the 2009 Series B Bonds commenced in November 2010.

The 2009 Series A Bonds were issued as “Build America Bonds” (“BABs”) under section 54AA of the U.S. Tax Code for which the Authority expects to receive a cash subsidy payment from the United States Treasury equal to 35% of the interest payable by the Authority on the bonds. For the fiscal years ended October 31, 2015 and 2014, the Authority received payments from the U.S. Treasury in the amount of \$1,759,523 and \$585,980, respectively, pursuant to the subsidy. BABs already issued will continue to receive subsidies. The Authority has no assurances about future legislation or changes that may affect the availability, amount, or receipt of such subsidy payments.

At October 31, 2015, the 2009 Series A Bonds consisted of the following term bonds:

2013 C, D, and E Junior Bonds:

Each series of the 2013 C, D, and E Bonds initially bears interest monthly at a variable rate based on a percentage of one-month LIBOR plus a spread. The Authority has the right to cause the 2013 C, D, and E Bonds to be repurchased from the initial purchasers thereof and remarketed at other variable rates or fixed rates, and also has the right to otherwise purchase or redeem the 2013 C, D, and E Bonds, on certain dates. Any 2013 C, D, and E Bonds that are not so remarketed (or purchased or redeemed) by November 1, 2019 will bear interest thereafter at stepped-up rates that for 180 days will equal 7.5% per annum (or, if greater, a specified prime rate plus 1.5% per annum or a specified federal funds rate plus 2% per annum) and after 180 days will equal 12% per annum (or, if greater, a specified prime rate plus 3.5% per annum or a specified federal funds rate plus 4% per annum). The 2013 C, D, and E Bonds also will bear interest at rates higher than the foregoing if an event of default occurs under the Authority's agreements with the initial purchasers of the 2013 C, D, and E Bonds or if interest on the 2013 C, D, and E Bonds is determined to be includable in gross income for federal income tax purposes. The estimated interest payments for the 2013 C, D, and E Bonds shown in the table titled "2013 C, D, and E Bonds" below are based upon the November 2015 LIBOR rate and the respective variable rates in effect on November 1, 2015 and do not reflect the increased interest payments that would result from such

stepped-up rates, default rates or taxable rates becoming effective. In addition, pursuant to agreements between the Authority and the respective initial purchasers of the 2013 C, D, and E Bonds, various additional fees and other amounts may be payable by the Authority from time to time, each on a basis subordinate to payment of annual debt service on Senior Bonds and Junior Bonds of any Series.

Debt service on the 2003 Swap agreements and the 2009 and 2013 Bonds is secured by and is payable, after satisfaction of certain administrative, operating, and maintenance obligations of the Authority, solely from certain pledged lease revenues and Swap receipts which are required to be deposited and maintained in the Pledged Revenue Fund ("PRF") established under the 2003 General Bond Resolution. The PRF, including income and earnings on investments thereof, has been pledged and assigned to a trustee for the benefit of the owners of the 2009 Bonds and the 2013 Bonds and certain other beneficiaries, as their respective interest may appear. In addition, the Bonds, and certain swap payments and reimbursement obligations, are secured by the Reserve Fund established under the 2003 General Bond Resolution. The rights to payment of the 2009 and 2013 Senior Bonds, senior swap payments, and senior reimbursement obligations from amounts in the PRF and the Reserve Fund are senior to the rights to payment of the 2013 Junior Bonds, junior swap payments, and junior reimbursement obligations from such amounts. As of each November 1, amounts in the PRF in excess of funding requirements for project operating expenses and debt service, along with certain other unpledged amounts will be transferred into the Residual Fund and may be used by the Authority for other purposes.

14. Code of Ethics

GUIDELINES REGARDING CONFLICTS OF INTEREST AND ETHICAL STANDARDS

As a public entity, the Authority has a responsibility for maintaining the highest level of honesty, ethical conduct, and public trust in all of its activities. To meet this responsibility, this Conflict of Interest Policy has been adopted concerning important aspects of ethical conduct.

This policy states in specific form the Authority's position on conflicts of interest. Personal integrity is the cornerstone of this policy. Each employee has the primary responsibility for avoiding financial and other interests that could create a conflict or the appearance of a conflict with his or her job.

When an employee, regardless of level or job assignment, is in a position where his or her financial interest or involvement in a transaction may present a conflict of interest or the appearance of such a conflict, the employee must immediately notify the Authority's Ethics Officer (the "Ethics Officer") and disqualify himself or herself from participation in the transaction until advised in writing that he or she may continue to participate in the transaction.

Any person who has a question as to whether a prospective personal or business transaction, or relationship with a contractor, vendor, or consultant, may be a violation of this policy or of the Public Officers Law should consult with the Ethics Officer and may also request in writing, where appropriate, a formal or informal opinion of the New York State Joint Commission on Public Ethics ("JCOPE").

Each State agency has an obligation under the Public Officer's Law to appoint an ethics officer. The Ethics Officer has duties that include, but are not limited to, providing Authority personnel with opinions regarding ethical issues, ensuring the propriety of outside activities in which Authority personnel wish to engage, and ensuring Authority personnel receive the required ethics training. The Ethics Officer is also responsible for ensuring that all employees required to do so file their financial disclosure forms with JCOPE, and for informing JCOPE of all new hires at the agency who are required to file financial disclosure forms. In addition to this, the Ethics Officer must report the receipt of honoraria by Authority employees to JCOPE.

Violations of the guidelines outlined below (the "Guidelines") may be cause for disciplinary action up to and including termination, as well as criminal prosecution and/or fines up to (\$10,000) ten thousand dollars.

A. Application

1. Public Officers Law

The Guidelines, as they relate to employees, are divided into three basic categories:

- General ethical standards;
- Issues arising during the course of employment; and
- Issues arising in connection with termination of employment and post-employment activities.

The Guidelines are drawn from and based on Sections 73 and 74 of the Public Officers Law. While the Guidelines in some instances may go further than the underlying statutory

provisions, the statute is paramount and controlling to the extent, if any, that it is more limiting or restrictive than the Guidelines. In view of the strong identification of the Guidelines with the statute, staff should also be aware of the possibility that in violating the Guidelines, a statutory provision may be violated as well, with potentially serious consequences, because the legislation creating the Authority makes its officers and employees subject to Section 73 and 74 of the Public Officers Law. Moreover, certain employees are subject to the financial disclosure and reporting requirements of Section 73-a of the Public Officers Law. Copies of these sections of the Public Officers Law may be obtained from the Human Resources Department. Any questions that arise regarding the Public Officers Law should be addressed to the Ethics Officer.

B. Guidelines

1. Guidelines of General Application

- a. No employee should have any interest, financial or otherwise, direct or indirect, or engage in any activity, including any business transaction, professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest, whether such conflicts be real or apparent, existing or potential.
- b. Each employee should pursue a course of conduct that will avoid encouraging the public to assume or believe that he or she is likely to engage in acts that would violate his or her trust.

2. Ethical Standards

It shall be a breach of ethical standards for any employee to:

- a. Use his or her position as an employee of the Authority to secure unwarranted privileges or exemptions for him or herself or another.
- b. Disclose, or use to further his or her personal interest or the interest of another (including, without limitation, the purchase or sale of property or securities), information acquired by him or her during the course of his or her official duties, which would not otherwise be a matter of public knowledge or information.

3. Issues During Employment

a. General Standards

In connection with any activities outside of the performance of the employee's official duties at the Authority, no outside activity whether or not for compensation (including any such activity for or before any public agency) should be undertaken nor should any employee engage in any conduct, which would:

- i. Impair or appear to impair the independent judgment of the employee in the exercise of his or her duties;
- ii. Require an allocation of an amount of time sufficient to impair the performance of the employee's obligation to the Authority;

- iii. Result in an identification of the employee's outside activities with those of the Authority;
- iv. Result in a transaction as representative of the Authority with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties; or
- v. Create the impression, reasonably inferable, that any person may improperly influence him or her or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank position or influence of any party or person.

b. Investment Guidelines

No employee should have any:

- i. Direct or indirect financial interest that conflicts or appears to conflict with his or her responsibilities to the Authority; or
- ii. Financial interest, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

Investments in municipal bonds or other governmental obligations, including obligations of the Federal government, the State, or any of their agencies or subdivisions, including the Authority, are permitted. Caution must be exercised in making such investments where the employee is privy to information by reason of his or her employment activities that is not public information at the time of his or her investment in order to avoid possible infractions of Federal Securities laws.

For the purpose of determining whether an indirect investment exists, employees are urged to disclose any financial interests or investments held by members of their families on their Financial Disclosure form, so that the facts may be analyzed to ascertain whether it is of sufficient magnitude to require preventive action.

c. Outside Employment and Activities

Employees should be aware that as a condition of their employment they are expected to devote full business time to their official responsibilities at the Authority. While outside activities are not precluded (see Title 19, parts 930 and 932, of the codes, rules, and regulations of the State of New York ("19 NYCRR Part 930 and Part 932")), employees should take care to avoid any outside employment or activity that would:

- i. Require or induce the employee to disclose confidential information gained from Authority employment;
- ii. Involve the employee on behalf of parties who have a substantial business relationship with the Authority, or should have any business relationship with the Authority where the performance of the employee's duties directly involves him or her in such relationship;

- iii. Result in the engagement of the employee to perform regular and substantial outside consulting or professional activities, including serving as a consultant, regular teaching, any business other than a passive investment activity, or any legal practice, or result in the maintenance of any publicly-listed place of business; or
- iv. Lead the public to associate the personal business or activities of the employee with the Authority, rather than the employee individually. In performing personal business activities, care should be exercised to avoid the implication of any endorsement of such activities on the part of the Authority. Authority stationery should not be used in conducting the personal affairs or business of any employee, nor should office space be used to such end.

An employee may attend and participate in political functions without violating Section 3.a. (iii) or 3.c. (iv) above, provided that he or she makes a good faith effort to make it clear that he or she is doing so in his or her personal capacity and not on behalf of the Authority. Mere mention of, or reference to, his or her affiliation or title with the Authority will not of itself constitute a violation of those sections.

d. Gifts and Outside Compensation

- i. No employee should accept any outside compensation or thing of value for work required by or connected with his or her Authority employment, unless the employee has complied with the provisions of 19 NYCRR Part 930.
- ii. No employee, spouse or dependent child of an employee shall solicit, accept or receive any gift having a nominal value whether in the form of money, service, loan, travel, entertainment, hospitality, thing or promise, or in any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him or her, or could reasonably be expected to influence him or her, in the performance of his or her official duties or was intended as a reward for any official action on his or her part.

e. Political Activity Policy

While Authority employees are free to participate in the political process on their own time, there must be a clear separation between political activities and the discharge of their duties as Authority employees. No Authority employee is to conduct political activities during work hours. Any political activity must be performed after normal work hours or while on vacation or personal leave. In addition, Authority equipment, vehicles and office space are to be used for official Authority business only.

f. Receipt of Honorarium

The receipt of honorarium or outside speaking fees must be approved in advance by the President and Chief Operating Officer, and a fee cannot be received from any organization that is regulated by or negotiates with Authority employees acting in their official capacity. A fee cannot be received by an Authority employee from

an individual or organization that attempts to influence Authority positions or actions. An employee receiving approvals to accept such a fee cannot also be paid by the Authority for delivering a speech or rendering a service. Authority personnel, equipment and time cannot be used to prepare for delivery of a speech or to render a service for which an honorarium is to be received unless the honorarium is paid to the Authority. No honorarium is permitted when the Authority sends an employee as its representative to an event to make a speech or perform a service. If an employee is required to file a Financial Disclosure form under the Ethics in Government Act, he or she must disclose the receipt of honorarium in excess of \$1,000 from any source.

4. Post-Authority Employment

- a. Pre-departure Negotiations – No employee, while involved in dealings with a private firm on the Authority’s behalf, may discuss with representatives of that firm possible future employment with the firm, nor should employees participate in any activity on behalf of the Authority with respect to an entity with which they are negotiating or have made arrangements for post-Authority employment. All employees should immediately notify the Ethics Officer of any understanding or arrangement for employment upon leaving the Authority as promptly as possible after such arrangement is made.
- b. Two-year Prohibition – No person who has served as an Authority officer or employee shall for a period of two years after the termination of such service or employment appear or practice before the Authority or receive compensation for any services rendered by such former officer or employee on behalf on any person, firm corporation or association in relation to any case, proceeding application, or other matter before the Authority. The only exception to this law is that former Authority employees may become employees (not consultants) to federal, state or local government entities.
- c. Lifetime Prohibition – No person who has served as an Authority officer or employee shall, after the termination of such service or employment, appear, practice, communicate or otherwise render services before any state agency or receive compensation for any such services rendered by such former officer or employee on behalf of any person, firm, corporation or other entity in relation to any case, proceeding, application or transaction with respect to which such person was directly concerned and in which he or she personally participated during the period of his or her services or employment, or which was under his or her active consideration.

C. Administrative Procedures

1. Administrative Responsibility

- a. Subject to the power of the President and Members ultimately to determine all matters encompassed by these Guidelines and to designate any other or further officers of the Authority to administer same, the officer of the Authority responsible for administering these Guidelines shall be the Ethics Officer, in consultation with the General Counsel.

The Ethics Officer is hereby authorized, in consultation with the General Counsel, to establish appropriate procedures to implement these Guidelines, including procedures for disclosure of actual or potential problems and appropriate review of such problems by individuals designated by him or her.

- b. It is recognized that the Guidelines are, by their nature, general in scope and do not take account of the many factual circumstances that can arise and to which their application may be unclear or, in some case, inappropriate. At the same time it is also recognized that disclosure of potential conflicts or ethical problems to the Ethics Officer and/or JCOPE is necessary. In view of the foregoing, it shall be the obligation of each employee to bring any circumstances believed to present a potential violation of these Guidelines (including any circumstances to which the employee is unsure whether or not the Guidelines apply) to the attention of the Ethics Officer and obtain JCOPE's advice where there may be a violation of the Public Officers Law.

2. Acting in Good Faith

Anyone filing a complaint concerning a violation or suspected violation of these Guidelines must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation of the applicable guideline. The making of allegations that prove not to be substantiated and that prove to have been made maliciously or with knowledge as to their falsity will be viewed as a serious disciplinary offense.

3. Administrative Remedies

In addition to any remedies, civil or otherwise, which the Authority may have against any employee who shall breach these guidelines, and any applicable penalties under the Public Officers Law, the Authority may impose any one or more of the following:

- a. Oral or written warnings;
- b. Suspension with or without pay for a specified period of time;
- c. Termination of employment

15. Assessment of the Effectiveness of Internal Controls

This statement certifies that the Battery Park City followed a process that assessed and documented the adequacy of its internal control structure and policies for the year ending October 31, 2015. To the extent that deficiencies were identified, the authority has developed corrective action plans to reduce corresponding risks.

In June 2011, the Authority appointed an internal auditing firm and requested that it perform an Authority-wide risk assessment of its operations. The internal auditors prepared a risk assessment, pursuant to The Standards for the Professional Practice of Internal Auditing which states that its plan of engagements should be based on a risk assessment, undertaken periodically, for which the input of the organization and its Board of Directors was considered.

The purpose of the risk assessment is to enable the Authority to:

- Prioritize audit projects by level of potential risk
- Determine the nature, timing, and extent of internal audit steps and procedures in direct relation to the level of the risk
- Develop a plan for performing internal audit projects in risk areas to minimize the risk of loss to the Company
- Use internal audit staff's and management's time in an effective and efficient manner

Based on the conclusions as to potential risk, a determination was made as to what processes would be reviewed and when. The risk assessment consisted of the following interwoven steps:

- Interview the Board, Management and independent auditors for their inputs as to process risk, as well as organizational risk
- Review available documentation and previous audit reports
- Identify key processes within the Organization
- Identify potential risks associated with each process
- Prioritize processes and the related risks by assigning risk ratings

BPCA's management and its outsourced internal auditor revised the entity wide risk assessment in 2014. As a result of this risk assessment, risks identified in the prior assessment were reassessed and the Multi Year Internal Audit Plan, formed based on the earlier risk assessment was continued. The Internal Audit Plan addressed the operations of the Authority and the Conservancy. Internal Audits completed or substantially completed during FY 2015 included: Revenue from Contingent Rentals, Debt, BPCPA Project Assets and Inventory Management, BPCA Employee Timekeeping, Ground Lease Compliance, Information Technology, Business Continuity Planning, Legal/Regulatory Compliance, Employee Complaint Procedures, Purchases and procurement and Financial Reporting. The Risk Assessment and the Internal Audit Reports are reviewed by the Audit Committee and approved by the Board. A summary of internal auditor's observations and recommendations along with a record of management responses and implementation of those recommendations are memorialized in the Authority's Internal Controls document repository.

§ 1971. Statement of legislative findings and purposes

It is hereby found and declared that there exists on the lower West side of the county of New York, North of Battery Park and on and adjacent to the Hudson River, a blighted area, defined in this title as the Battery Park project area, marked by substandard, insanitary, deteriorated and deteriorating conditions, in which area there exists obsolete and dilapidated buildings and structures, including piers, of defective construction and outmoded design, lacking proper sanitary facilities and adequate fire and safety protection, and with insufficient light and ventilation and inadequate maintenance; buildings or structures abandoned or not utilized in whole or in part; obsolete systems of utilities; poorly or improperly designed street patterns and intersections with inadequate access to areas; traffic congestion; and obsolete street widths, sizes and shapes, all of which hamper and impede the proper and economic development of such area and of the city of New York and of the state as a whole.

It is further found and declared that such area is no longer suitable or useful for piers or for facilities appurtenant to the loading and unloading of commercial cargo, and that retaining piers in such area creates a blighting effect on such area and on surrounding areas and is detrimental to the development of such area and to the growth and prosperity of the county and city of New York and of the state as a whole.

It is hereby declared that the improvement of such area, the elimination of pier facilities and of the present structures therein, and the replanning, reconstruction and redevelopment of such area including the filling of the Hudson River at such area up to the present pierhead line, the preparation of the resulting land for development, and the creation in such area, in cooperation with the city of New York and the private sector, of a mixed commercial and residential community, with adequate utilities systems and civic and public facilities such as schools, open public spaces, recreational and cultural facilities, is necessary for the prosperity and welfare of the people of the city of New York and of the state as a whole, and is a public use and public purpose for which tax exemptions may be granted, and that the powers and duties of battery park city authority as hereinafter recited are necessary and proper for the purpose of achieving such ends.

It is hereby further found and declared that there continues to exist throughout the city of New York a seriously inadequate supply of safe and sanitary dwelling accommodations for persons and families of low income. This condition is contrary to the public interest and threatens the health, safety, welfare, comfort and security of the people of the state. The ordinary operations of private enterprise cannot provide an adequate supply of safe and sanitary dwelling accommodations at rentals which persons and families of low income can afford. In order to encourage the investment of private capital and provide such dwelling accommodations, provision should be made for mortgage loans at low interest rates to housing companies which, subject to regulations as to rents, profits, dividends and disposition

of their property, supply such dwelling accommodations and other facilities incidental or appurtenant thereto to such persons and families.

Therefore, it is hereby found and declared that Battery Park city authority, through the issuance of bonds and notes to the private investing public, by encouraging maximum participation by the private sector of the economy, including the sale or lease of the authority's interest in projects at the earliest time deemed feasible, and through participation in programs undertaken by the state, its agencies and subdivisions, and by the federal government, may provide or obtain the capital resources necessary to provide dwelling accommodations for persons and families of low income, and facilities incidental or appurtenant thereto, and, where necessary, to carry out the clearance, replanning, reconstruction and rehabilitation of such substandard and insanitary areas.

It is hereby further found and declared that the acquisition and construction of adequate, safe and sanitary dwelling accommodations for persons and families of low income and such facilities as may be incidental or appurtenant thereto, are public uses and public purposes for which public money may be loaned and private property may be acquired and tax exemptions granted, and that the powers and duties of battery park city authority or its subsidiaries as hereinafter recited are necessary and proper for the purpose of achieving the ends here recited.

2. NY CLS Pub A § 1974-c (2012)

§ 1974-c. Additional powers of the authority

1. It is hereby found and declared that the legislature, pursuant to the housing New York program act, has established a housing New York program under which the city of New York, any agency or instrumentality thereof (other than the housing New York corporation) and the New York city housing development corporation will cause the acquisition, construction, equipping, improving, rehabilitation and renovation of dwelling accommodations within the city of New York for persons and families for whom the ordinary operations of private enterprise cannot supply such accommodations; that such program is necessary in order to increase the presently inadequate supply of dwelling accommodations in such city for persons and families of low and moderate income; that such program shall require a substantial commitment of funds from public sources; and that the need for such moneys necessitates that the authority be granted the additional powers and be made subject to the additional requirements of this section. The legislature therefore finds that the authority, subject to the terms and conditions specified herein, should be given the power to assign certain excess revenues to secure bonds and notes to be issued by the housing New York corporation for use by the city of New York, and any agency or instrumentality thereof (other than the housing New York corporation) or the New York city housing development corporation in the housing New York program; that the assignment of such excess revenues for the financing of residential housing facilities in accordance with the housing New York program is a public purpose for which moneys may be granted; and that the powers and duties of the authority as recited in this section are necessary and proper for achieving the ends herein recited.

2. In addition to the powers of the authority set forth in section nineteen hundred seventy-four of this title, the authority shall have the power:

(a) to borrow money by issuing bonds and notes and to issue such bonds and notes for the purposes of

(iii) refunding any bonds and notes of the authority issued pursuant to this section;

(b) subject to the provisions of any contract with noteholders and bondholders, to

(i) pledge any excess revenues or assets (other than real property) of the authority, including, but not limited to such excess revenues as the authority shall deem necessary, to secure any bonds or notes issued by the authority pursuant to this section and

(ii) assign such excess revenues as the authority shall deem necessary to secure any bonds or notes issued or any agreements entered into by the housing New York corporation pursuant to section six hundred fifty-four-c of the private housing finance law or pay any expenses related thereto for the purpose of financing the acquisition, construction, equipping, improvement, enlargement, rehabilitation and renovation of residential housing facilities in accordance with the provisions of the housing New York program and to enter into any agreement or execute any document to accomplish the foregoing;

(c) to procure insurance, letters of credit or other credit enhancements with respect to its bonds or notes issued pursuant to this section and to pay the premiums and fees therefor;

(d) to adopt, amend or rescind rules and regulations appropriate to carry out its corporate purposes and to establish such requirements and enter into such agreements to achieve the objectives of this section; and

(e) to exercise any and all other powers authorized by this title and not inconsistent with the provisions of this section.

3. Notwithstanding any contrary provision of law, general, special, or local, no moneys of the authority, or moneys received from the authority, which are expended pursuant to a chapter of the laws of nineteen hundred eighty-six entitled "An Act to enact the housing New York program act for the purpose of establishing a housing New York program and to amend the public authorities law, in relation to authorizing Battery Park city authority to assign excess revenues to secure bonds to be issued by the housing New York corporation and the private housing finance law, in relation to creating such corporation and authorizing the financing of certain housing accommodations within the city of New York", shall be used by the authority, directly or indirectly, for the design, planning, acquisition, financing, construction or implementation of any landfill or any pilings, platforms, decks or similar structures and in addition, any dredging or filling activities, in the Hudson river between the northern boundary of the Battery Park project area as provided for in subdivision five of section nineteen hundred seventy-two of this title and forty-second street in the city of New York except to the extent that such activities are necessary to maintain the Battery Park project area landfill site, nor shall any such moneys authorized to be assigned or pledged by such act be assigned or pledged, directly or indirectly, to secure or pay the debt service on any bonds or notes issued or any agreements entered into by the housing New York corporation if the proceeds of such bonds or notes are to be used directly or indirectly, or the purpose of such agreements is to accomplish directly or indirectly, any of the prohibited activities listed in this subdivision.

4. No excess revenues may be assigned by the authority to the housing New York corporation to finance residential housing facilities pursuant to section six hundred fifty-four-c of the private housing finance law unless the authority has entered into an agreement or agreements with the housing New York corporation, which provides, in addition to any other terms and conditions, that:

(a) such residential housing facilities are to provide dwelling accommodations which are to be occupied by persons and families for whom the ordinary operations of private enterprise cannot provide an adequate supply of safe, sanitary and affordable dwelling accommodations;

(b) neither the state nor the authority are to have any responsibility as to the financing, operation, maintenance, repair or use of such residential housing facilities unless otherwise specifically provided by law;

(c) the housing New York corporation shall use the moneys assigned to it by the authority pursuant to this section to secure and pay bonds and notes issued to finance residential housing facilities in accordance with provisions of the housing New York program and shall comply with the terms and conditions of the housing New York program act and this section; and

(d) the timing, amount, maturity schedule and all other terms and conditions of any issuance of bonds or notes by the housing New York corporation pursuant to section six hundred fifty-four-c of the private housing finance law, will provide for the authority's requirements as to the development, management or operation of the project and the effect of such terms and conditions on the availability of excess revenues and the pledge or assignment thereof.

5. For the purposes of furthering the development of the infrastructure of the Battery Park project area and repaying appropriations from the state to the authority pursuant to this section, the authority may, in addition to the authorization contained in subdivision one of section nineteen hundred seventy-seven-a of this title, borrow money by issuing bonds or notes in an aggregate principal amount not exceeding one hundred million dollars plus a principal amount of bonds or notes issued

(i) to fund any related debt service reserve fund,

(ii) to provide capitalized interest, and

(iii) to provide fees and other charges and expenses, including underwriters' discount, related to the issuance of such bonds or notes and the maintenance of such reserves, all as determined by the authority, excluding bonds and notes issued to refund outstanding bonds and notes issued pursuant to this section.

In computing the total principal amount of bonds and notes that may at any time be issued for any purpose under this title, the amount of the outstanding bonds or notes that constitutes interest under the United States Internal Revenue Code of nineteen hundred fifty-four, as amended to the effective date of this section, shall be excluded.

6. The authority may covenant and consent that the interest on any of its bonds or notes issued pursuant to subdivision five of this section shall be includible, under the United States Internal Revenue Code of nineteen hundred fifty-four or any subsequent corresponding internal revenue law of the United States, in the gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includible in the gross income of the holders thereof under said Internal Revenue Code or any such subsequent law.

7. The state of New York does pledge to and agree with the holders of any bonds or notes issued by the housing New York corporation under section six hundred fifty-four-c of the private housing finance law, that the state will not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with such corporation to assign any excess revenues, or in any way impair the rights and remedies of such corporation thereunder, until the bonds and notes, together with interest thereon, interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders and noteholders are fully met and discharged.

8. It is the intention of the legislature that any assignment of excess revenues or portion thereof by the authority pursuant to this section shall be valid and binding from the time when the assignment is made in accordance with its terms; that the excess revenues so assigned by the authority shall immediately be subject to the lien of such assignment without any physical delivery thereof or further act, and that the lien of any such assignment shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution or any other instrument by which an assignment is created need be recorded.

NY CLS Pub A § 1974-d (2012)

§ 1974-d. Contracts

In connection with development, construction, operations and maintenance contracts for projects of the authority, minority and women-owned business enterprises and minority group members and women shall be given the opportunity for meaningful participation. The authority shall establish measures and procedures to secure meaningful participation by minority and women-owned business enterprises on contracts for projects of the authority. For the purposes thereof, "minority business enterprise" shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one per centum of the stock of which is owned by citizens or permanent resident aliens who are Black, Hispanic, Asian or American Indian, and such ownership interest is real, substantial and continuing and "women-owned business enterprise" shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one percent of the stock of which is owned by citizens or permanent resident aliens who are women and such ownership interest is real, substantial and continuing. In order to implement the requirements and objectives of this section in connection with such projects, the authority shall be responsible for monitoring compliance with the provisions hereof, providing advice on the availability of competitive qualified minority and women-owned business enterprises to perform contracts proposed to be awarded, and making recommendations to improve the access of minority and women-owned business enterprises to these contracts.

Except as may be otherwise expressly provided by the authority, every issue of bonds by the authority shall be general obligations payable out of any moneys, earnings, or revenues of the authority, subject only to any agreements with the holders of particular bonds, pledging any particular moneys, earnings or revenues. Whether or not the bonds are of such form and character as to be negotiable instruments under article eight of the uniform commercial code, the bonds shall be and are hereby made negotiable instruments within the meaning of and for all the purposes of article eight of the uniform commercial code, subject only to the provisions of the bonds for registration.

1. [As amended by L 1969, ch 972] The authority shall have power and is hereby authorized from time to time to issue its negotiable bonds in conformity with applicable provisions of the uniform commercial code for any corporate purpose, including incidental expenses in connection therewith. The authority shall have power from time to time and whenever it deems refunding expedient to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Except as may be otherwise expressly provided by the authority, every issue of bonds by the authority shall be general obligations payable out of any moneys, earnings, or revenues of the authority, subject only to

any agreements with the holders of particular bonds, pledging any particular moneys, earnings or revenues.

2. The bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms of redemption prior to maturity as such resolution or resolutions may provide.

3. All bonds of the authority shall be sold at public or private sale as may be determined by the authority.

4. Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds thereby authorized, as to

(a) pledging all or any part of the moneys, earnings, income and revenues derived from the project to secure the payment of the bonds or of any issue of the bonds, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed, established and collected and the amounts to be raised in each year thereby, and the use and disposition of the earnings and other revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the right of the authority to restrict and regulate the use of the project;

(e) limitations on the purposes to which and the manner in which the proceeds of sale of any bonds or any issue of bonds may be applied;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(i) the terms and provisions of any mortgage or trust deed or indenture securing the bonds or under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section nineteen hundred eighty-three of this title, and limiting or abrogating the right of the bondholders to appoint a trustee under such section or limiting the rights, powers and duties of such trustee;

(k) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority to the bondholders and providing the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of this state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of its properties;

(m) limitations on the amount of moneys derived from the project to be expended for operating, administrative and other expenses of the authority;

(q) any other matters, of like or different character which may in any way affect the security or protection of the bonds.

5. It is the intention of the legislature that any pledge of earnings, revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; that the earnings, revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

6. Neither the members of the authority nor any person executing the bonds or other obligations shall be liable personally on the bonds or other obligations or be subject to any personal liability or accountability by reason of the issuance thereof.

7. The authority shall have power out of any funds available therefor to purchase (as distinguished from the power of redemption hereinabove provided) any bonds and all bonds so purchased shall be cancelled.

8. In the discretion of the authority, the bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company in the state of New York. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the construction, maintenance, operation, repair and insurance of the project, and the custody, safeguarding and application of all moneys. The authority may provide by such trust indenture for the payment of the proceeds of the bonds and the revenues of the project to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation and repairs of the project. If the bonds shall be secured by a trust indenture the bondholders shall have no authority to appoint a separate trustee to represent them.

§ 1977-a. Bond and Note Authorization

1. (a) For the purpose of financing project costs for the project for the Battery Park project area other than the financing of loans, advances and mortgage loans to housing companies organized to provide housing within the Battery Park project area, the authority may issue bonds and notes in an aggregate principal amount at any one time outstanding not exceeding three hundred million dollars, excluding bonds and notes issued to refund outstanding bonds and notes.

(b) Commodities and futures exchange facility. For the purpose of financing project costs to further the development of a commodities and futures exchange facility as part of the project to be located in the Battery Park project area, the authority may, in addition to the authorizations contained elsewhere in this title, borrow money by issuing bonds or notes in an aggregate principal amount not exceeding one hundred ten million dollars plus a principal amount of bonds or notes issued (i) to fund any related debt service reserve fund, (ii) to provide capitalized interest, and (iii) to provide fees and other charges and expenses, including underwriters' discount, related to the issuance of such bonds or notes and the maintenance of such reserves, all as determined by the authority, excluding bonds and notes issued to refund outstanding bonds and notes issued pursuant to this section. The authority may make loans from the proceeds of such issuance and may make temporary loans or advances, for the purpose of developing a commodities and futures exchange within the Battery Park project area, and may undertake commitments therefor. Any such loans, advances or commitments shall be secured by a mortgage on or security interest in the property interests of such exchanges within the Battery Park project area and shall contain such terms and conditions not inconsistent with the provisions of this title as the authority may deem necessary or desirable to secure payment of its loan, the interest thereon and other changes in connection therewith.

(c) Additional authorizations. In addition to the authorizations contained elsewhere in this title, the authority may issue indebtedness for the purpose of refunding outstanding indebtedness of the housing New York corporation which is secured by revenues of the authority, and indebtedness for the purpose of refunding such refunding indebtedness issued by the authority including the funding of reserves and

providing for fees and other charges and expenses, including underwriters' discounts, related to the issuance of such refunding bonds or notes, all as determined by the authority.

2. For the purposes of financing loans, advances and mortgage loans to housing companies organized pursuant to article two, article four or article eleven of the private housing finance law, including subsidiaries of the authority, for housing accommodations to be erected in the Battery Park project area, the authority may issue bonds and notes in an aggregate principal amount at any one time outstanding not exceeding four hundred million dollars, excluding bonds and notes issued to refund outstanding bonds and notes.

3. The fixing of the statutory maximums as provided in subdivisions one and two of this section shall not be construed as constituting a contract between the authority and the holders of its bonds or notes that additional bonds and notes may not be issued subsequently by the authority in the event that such statutory maximums shall subsequently be increased by law.

4. The authority shall have the power to enter into interest rate exchange agreements, which shall mean written contracts entered into in connection with the issuance of authority debt or in connection with such authority debt already outstanding [fig 1] to provide for [fig 2] exchange of payments based upon fixed and/or variable interest rates, and shall be for exchanges in currency of the United States of America only. The authority shall have the power: (a) until December thirty-first, two thousand three, to enter into such interest rate exchange agreements [fig 3], and (b) thereafter to enter into replacements and substitutions for and amendments to exchange agreements, provided that no such replacement, substitution or amendment shall increase the notional principal amount under an exchange agreement or extend the term of an exchange agreement. NY CLS Pub A § 1977-b (2012)

§ 1977-b. Reserve funds and appropriations

1. In addition to setting aside of such other reserves or sinking funds as it shall deem advisable and necessary, and the regulation and disposition thereof, the authority shall create and establish a special fund to be known as and hereinafter called the "Battery Park project area capital reserve fund" and

shall pay into such fund (a) any moneys appropriated and made available by the state only for the purposes of such fund, (b) any proceeds of sale of any bonds issued to finance the Battery Park project area to the extent provided in the resolution of the authority authorizing the issuance thereof, (c) any funds directed to be transferred by the authority to such fund, and (d) any other moneys made available to the authority only for the purposes of such fund from any other source or sources. The moneys held in or credited to such capital reserve fund, except as hereinafter provided, shall be used solely for the payment of the principal of such bonds or of the sinking fund payments hereinafter mentioned with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds, or the payment of any redemption premium required to be paid when any of such bonds are redeemed prior to maturity; provided, however, that moneys in such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the amount of the Battery Park project area capital reserve fund requirement hereinbelow referred to, except for the purpose of making with respect to such bonds payment, when due, of principal, interest and the sinking fund payments hereinafter mentioned for the payment of which other moneys of the authority are not available. Moneys in such capital reserve fund not required for immediate use of disbursement may be invested in obligations of the state or the United States of America or obligations the principal and interest of which are guaranteed by the state or the United States of America or obligations of agencies of the United States of America which may from time to time be legally purchased by savings banks of the state as investment of funds belonging to them or in their control. In computing the amount of such capital reserve fund for the purposes of this section, securities in which all or a portion of such fund are invested shall be valued at par or, if purchased at less than par, at their cost to the authority.

2. The authority shall not issue any of such bonds at any time secured by such capital reserve fund if the amount in such capital reserve fund at the time of issuance does not equal or exceed the amount of said capital reserve fund requirement unless the authority at the time of issuance of such bonds shall deposit in such fund from the proceeds of such bonds or other sources an amount which together with the amount then in such fund will not be less than the amount of said capital reserve fund requirement.

3. In order to assure the continued operation and solvency of the authority for the fulfillment of its corporate purposes with respect to the Battery Park project area, the chairman of the authority shall annually, on or before December first, make and deliver to the governor and director of the budget his certificate stating the sum, if any, required to restore such capital reserve fund to the amount as of the particular date of computation equal to the greatest (herein sometimes called the "Battery Park project area capital reserve fund requirement") of the respective amounts for the then current or any future fiscal year of the authority, of annual debt service with respect to such bonds, such annual debt service for any fiscal year being the amount of money equal to the aggregate of (a) all interest payable during such fiscal year on all such bonds outstanding on said date of computation, plus (b) the principal amount of all such bonds outstanding on said date of computation which mature during such fiscal year, plus (c) all amounts specified in any resolution of the authority authorizing any of such bonds as payable during such fiscal year as a sinking fund payment with respect to any of such bonds which mature after such fiscal year, all calculated on the assumption that bonds will after said date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due and the payment when due and application in accordance with the resolution authorizing those bonds of all of such sinking fund payments payable at or after said date of computation; and there shall be annually apportioned and paid to the authority for deposit in such capital reserve fund the sums so certified by the chairman of the authority. All sums so apportioned and paid shall be deposited by the authority in such capital reserve fund. The principal amount of bonds secured by such capital reserve fund to which state funds are apportionable pursuant to this subdivision shall be limited to the total amount of bonds and notes outstanding on the effective date of this act, plus the total amount of bonds and notes contracted after the effective date of this act to finance projects in progress on the effective

date of this act as determined by the New York state public authorities control board created pursuant to section fifty of this chapter whose affirmative determination shall be conclusive as to all matters of law and fact solely for the purposes of the limitations contained in this subdivision, but in no event shall the total amount of bonds so secured by such a capital reserve fund or funds exceed two hundred million dollars, excluding bonds issued to refund such outstanding bonds until the date of redemption of such outstanding bonds. As outstanding bonds so secured are paid, the amount so secured shall be reduced accordingly but the redemption of such outstanding bonds from the proceeds of refunding bonds shall not reduce the amount so secured.

4. All amounts paid over to the authority by the state pursuant to the provisions of this section shall constitute and be accounted for as advances by the state to the authority and, subject only to the rights of the holders of any bonds or notes of the authority theretofore or thereafter issued, shall be repaid to the state from all available operating revenues of the authority in excess of the capital reserve fund requirement and operating expenses.

5. As used in this section,

(a) the term "operating expenses" for the fiscal year shall mean ordinary expenditures for operation and administration of the authority; and

(b) the term "available operating revenues" for the fiscal year shall mean all amounts received on account of rentals and fees charged by the authority, if any, and income or interest earned or added to funds of the authority due to the investment thereof, and not required under the terms or provisions of any covenant or agreement with holders of any bonds or notes of the authority to be applied to any purposes other than payment of expenses of the authority.

6. This section is applicable only to the Battery Park project area capital reserve fund.

NY CLS Pub A § 1977-c (2012)

§ 1977-c. Reserve funds and appropriations for loans, advances and mortgage financing to housing companies

1. Definitions.

(a) "Revenues". All amounts received on account of fees and other charges imposed by the authority for loans, advances and mortgage loans, if any, and all or any part of the moneys received in payment of loans, advances and mortgage loans and interest thereon, including prepayments.

(b) "Housing loan capital reserve fund requirement". The amount of money, as of any particular date of computation and with reference to outstanding bonds issued by the authority for the purposes of financing loans, advances and mortgage loans to housing companies, equal to the greatest of the respective amounts for the then current or any future fiscal year of the authority, of annual debt service with respect to such bonds.

For purposes of the housing loan capital reserve fund requirement, "annual debt service" shall mean an amount of money equal to the aggregate of:

(i) All interest payable during such fiscal year on all such bonds outstanding on said date of computation; plus,

(ii) The principal amount of all such bonds outstanding on said date of computation which mature during such fiscal year; plus,

(iii) All amounts specified in any resolution of the authority authorizing any of such bonds as payable during such fiscal year as a sinking fund payment with respect to any of such bonds which mature after such fiscal year, such sinking fund payments to be calculated on the assumption that bonds will after said date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due and the payment when due and application in accordance with the resolution authorizing those bonds of all of such sinking fund payments payable at or after said date of computation.

(c) "Operating expenses". All ordinary expenditures for operation and administration of the authority in connection with its loans, advances and mortgage loans to housing companies.

(d) "Amortized value". When used with respect to securities purchased at a premium above or a discount below par, the value as of any given date obtained by dividing the total amount of the premium or discount at which such securities were purchased by the number of days remaining to maturity on such securities at the time of such purchase and by multiplying the amount so calculated by the number of days having passed since the date of such purchase; and (a) in the case of securities purchased at a premium, by deducting the product thus obtained from the purchase price, and (b) in the case of securities purchased at a discount, by adding the product thus obtained to the purchase price.

2. Reserve funds.

(a) In addition to the setting aside of such other reserves or sinking funds as it shall deem advisable and necessary, and the regulations and disposition thereof, the authority may create and establish one or more capital reserve funds for bonds issued by the authority for the purposes of financing loans, advances and mortgage loans to housing companies.

(b) The authority shall pay into each such fund:

- (i) any monies appropriated and made available by the state only for the purposes of such fund;
- (ii) any proceeds of the sale of any bonds issued to the extent provided in the resolution of the authority authorizing the issuance of such bonds;
- (iii) any moneys directed to be transferred by the authority to such fund; and
- (iv) any other moneys made available to the authority only for the purposes of such fund from any other source or sources.

(c) The moneys held in or credited to each such capital reserve fund, except as hereinafter provided, shall be used solely for the payment of the principal of bonds issued to finance loans, advances and mortgage loans to housing companies or of the sinking fund payments with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when any of such bonds are redeemed prior to maturity; provided, however, that moneys in such capital reserve fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the amount of the housing loan capital reserve fund requirement therefor, except for the purpose of making with respect to such bonds payment, when due, of principal, interest and the sinking fund payments for the payment of which other moneys of the authority are not available. All income or interest earned by, or increment to, each such capital reserve fund due to the investment thereof may be transferred by the authority to other funds or accounts of the authority to the extent it does not reduce the amount of such capital reserve fund below the housing loan capital reserve fund requirement therefor.

(d) Moneys in such a capital reserve fund not required for immediate use or disbursement may be invested in obligations of the state or the United States of America or obligations the principal of and interest on which are guaranteed by the state or the United States of America or obligations of agencies of the United States of America or obligations which may from time to time be legally purchased by savings banks of the state, as investment of funds belonging to them or in their control. In computing

the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of such fund are invested shall be valued at par if purchased at par or, if purchased at other than par, at their amortized value.

(e) The authority shall not issue any bonds at any time secured by such a capital reserve fund if the amount in the capital reserve fund which will secure such bonds at the time of issuance does not equal or exceed the amount of the housing loan capital reserve fund requirement for such fund unless the authority at the time of issuance of such bonds shall deposit in such fund from the proceeds of such bonds or other sources an amount which together with the amount then in such fund will not be less than the amount of the housing loan capital reserve fund requirement for such fund.

3. Preservation of solvency.

(a) In order to assure the continued operation and solvency of the authority for the fulfillment of its corporate purposes, the chairman of the authority shall annually, on or before December first, make and deliver to the governor and director of the budget his certificate stating the sum, if any, required to restore each capital reserve fund to the housing loan capital reserve fund requirement therefor. There shall be annually apportioned and paid to the authority for deposit in each such capital reserve fund the sum so certified by the chairman of the authority as required to restore such capital reserve fund to the housing loan capital reserve fund requirement therefor. All sums so apportioned and paid shall be deposited by the authority in the respective capital reserve funds. The principal amount of bonds secured by a capital reserve fund or funds to which state funds are apportionable pursuant to this paragraph shall be limited to the total amount of bonds and notes outstanding on the effective date of this act, plus the total amount of bonds and notes contracted after the effective date of this act to finance projects in progress on the effective date of this act as determined by the New York state public authorities control board created pursuant to section fifty of this chapter whose affirmative determination shall be conclusive as to all matters of law and fact solely for the purposes of the limitations contained in this paragraph, but in no event shall the total amount of bonds so secured by such a capital reserve fund or funds exceed eighty-five million dollars, excluding bonds issued to refund such outstanding bonds until the date of redemption of such outstanding bonds. As outstanding bonds so secured are paid, the amount so secured shall be reduced accordingly but the redemption of such outstanding bonds from the proceeds of refunding bonds shall not reduce the amount so secured.

(b) All amounts paid over to the authority by the state pursuant to the provisions of this section shall constitute and be accounted for as advances by the state to the authority and, subject only to the rights of the holders of any bonds or notes of the authority theretofore or thereafter issued, shall be repaid to the state from all available revenues of the authority in excess of housing loan capital reserve fund requirements and operating expenses.

4. Applicability. This section is applicable solely to capital reserve funds for bonds issued to finance housing loans, advances and mortgage loans and is not applicable to the Battery Park project area capital reserve fund.

c. Description of Major Units and Number of Employees

The Authority has 50 employees. Major units include:

- **Administration:** The Battery Park City Authority Administration Department serves the Authority through its ongoing efforts to efficiently organize people, processes, and resources to best establish effective, economical, and reliable systems that help ensure BPCA's integrity and mission. To that end, BPCA maintains administrative programs in procurement, internal control, risk assessment, diversity, information technology, general administrative services, and other administrative concerns.
- **Finance:** The Battery Park City Authority (BPCA) Finance Department oversees the financial functions of the Authority and Battery Park City Parks Conservancy (the "Conservancy" or "BPCPC"). In general, it is responsible for the investing and safe-guarding of corporate assets, the collection of ground rents and payments in lieu of taxes (PILOT), civic facility maintenance fees (CFM) and other revenues, maintaining the Authority's debt structure by issuing bonds and paying debt service, processing payments for capital and operating expenditures in compliance with procurement guidelines and budgetary authorizations, creating and monitoring the fiscal year operating budget, processing payroll, managing investments and cash flow management, preparing the Authority's financial statements, and all required financial reporting due to federal and state requirements. In addition, the BPCA finance department coordinates with the Battery Park City Parks Conservancy in reporting on the "Organization" (which is the consolidated financial statements of the BPCA + BPCPC).
- **Human Resources:** The Human Resources Department provides the leadership, service, expertise, policies and standards necessary to support BPCA and BPCPC as an employer. The department provides numerous services to all employees in support of the Authority's mission, providing support and guidance in areas such as benefits, compensation, recruitment, employee relations, and staff development. We actively promote a positive work environment while maintaining necessary processes and procedures required by BPCA's employment-related policies.
- **Legal:** The Legal Department provides legal services to all BPCA and BPCPC departments and offices. Responsibilities include corporate governance, litigation, employment concerns, contract matters, regulatory and compliance matters, debt issuance, and coordination of Board meetings and related Member concerns. The General Counsel serves as the Corporate Secretary to the Board.
- **Real Property Department:** The Real Property Department is responsible for the safeguarding, optimization and value enhancement of the BPCA's real property assets for the benefit of the Authority, the community, New York City and the State of New York. This responsibility constitutes a primary element of the Authority's overall purpose and mission. Management of the department includes policy development along with practical responsibility for management, maintenance, improvement, enhancement and security of the Authority's real property assets and oversight of all related operational and support processes.

In addition the Authority has a subsidiary, The Battery Park City Parks Conservancy. Created in 1987, the Conservancy is a 501c3 not for profit which manages and maintains the nearly 36 acres of world-class parks and open space in Battery Park City. The Conservancy's Horticulture Department cares for the gardens, planting beds, and trees within the parks; the Maintenance Department provides in-house electrical, plumbing, masonry, and general maintenance services; the Programming Department plans and organizes a wide variety of entertainment and educational programs throughout the year; while the Conservancy's Administration Department works to make sure that BPCPC meets its mandate to keep Battery Park City's parks in first-class condition. All departments observe and implement sustainable (green) initiatives and practices. The conservancy has 72 full-time employees and 16 part-time employees.

(8) “applicable standard of conduct” means:

(i) with respect to an action or proceeding in which it is alleged that physical harm was caused to the person or property of a complainant or any harm was caused to his/her reputation, that such harm did not result from the willful and wrongful act or gross negligence of the Member, officer or employee seeking to be indemnified hereunder, or

(ii) with respect to any other action or proceeding, that the Member, officer or employee seeking to be indemnified hereunder acted in good faith for a purpose which he/she reasonably believed to be in the best interests of the Authority and had reasonable cause to believe his/her conduct was lawful.

Section 2. General Scope of Indemnification. The Authority shall, to the fullest extent permitted by law, indemnify any person who becomes a party to an action or proceeding by reason of the fact that he/she is or was a Member, officer or employee of the Authority against judgments, penalties, amounts paid in settlement and reasonable expenses, including attorneys’ fees, actually and necessarily incurred as a result thereof, unless the conduct of such Member, officer or employee in the matters at issue in such action or proceeding is found, in the manner prescribed in this Article, not to have met the applicable standard of conduct.

Section 3. Representation of Persons Indemnified. The Authority may, either by its own staff counsel or by outside counsel of its choice, assume the representation of any person who becomes a party to the action or proceeding, except in situations in which (i) choice of counsel is governed by statute, or (ii) the Authority’s counsel determines that it is inappropriate or inadvisable for such person to be represented by counsel chosen by the Authority. In the event the Authority does not assume such representation, such person shall have the right to engage private counsel of his choice and the Authority shall have the obligation of indemnification for the reasonable fees and expenses of such private counsel as provided in this Article; provided, however, that the Authority as a condition to such indemnification for the cost of private counsel may, and where the Attorney General has so required as a condition to indemnification by the State of New York pursuant to statute shall, require appropriate groups of persons

to be represented by the same counsel; and further provided, however, that the Authority as a condition to such indemnification shall: 1) review and approve the terms of such engagement of private counsel to determine reasonableness of such fees and expenses; and 2) require such persons to execute an agreement in writing that any sums advanced under this Article 6 shall be repaid if the person receiving such advances is ultimately found not to be entitled to indemnification, or to the extent the expenses so advanced by the Authority exceed the indemnification to which he/she is ultimately found to be entitled.

Section 4. Advances of Expenses. (a) A Member or officer who becomes a party to an action or proceeding may request that the Members authorize the Authority to advance expenses pending the final disposition of such action or proceeding. Upon such request: (i) if there is a quorum of Members who are not parties to such action or proceeding, the Members shall make a tentative finding as to whether it then appears that the requesting Member or officer has met the applicable standard of conduct; or (ii) if such a quorum of Members is not obtainable with due diligence, the Members shall obtain an opinion in writing of outside legal counsel as to whether it then appears that such standard of conduct has been met by the requesting Member or officer. If a quorum of Members makes such findings or outside legal counsel gives such opinion, the Members shall authorize the Authority to pay, and the Authority shall pay, from time to time in advance of the final disposition of the action or proceeding, reasonable expenses as described in Section 2 incurred by such Member or officer in connection with such action or proceeding. The amounts of payments made to counsel engaged by the Authority and private counsel engaged to represent Members and officers indemnified under this Article shall be periodically reported to the Members by the Executive Vice President/General Counsel.

(b) Reasonable expenses as described in Section 2 incurred by an employee who becomes a party to an action or proceeding shall be paid by the Authority from time to time pending the final disposition of such action or proceeding without necessity for any authorization, findings, or other action by the Members prior to the making of such advances; provided, however, that the Members (i) may make a tentative finding at any time prior to the final disposition of such action or proceeding that it then appears that an employee has clearly not met the applicable standard of conduct, or may seek an opinion in writing of outside legal counsel with respect to that issue, and if such a tentative finding shall be made or a negative opinion on that issue shall be given, no further advances under this paragraph shall be made with respect to expenses of such employee, and (ii) may determine, or provide for the determination of, the reasonableness of expenses sought to be advanced. The amounts of payments made to counsel engaged by the Authority and private counsel engaged to represent employees indemnified under this Article shall be periodically reported to the Members by the Executive Vice President/General Counsel.

Section 5. Indemnification on Final Disposition. (a) A person who has been wholly successful, on the merits or otherwise, in the defense of an action or proceeding shall be deemed to have met the applicable standard of conduct and shall be entitled to indemnification against reasonable expenses as described in Section 2, and the Authority shall make such indemnification without necessity for any authorization, findings or other action by the Members prior to such indemnification, except that the Members may determine, or provide for the determination of, the reasonableness of such expenses.

(b) A Member or officer who has not been wholly successful in the defense of an action or proceeding, or who was a party to an action or proceeding without being a defendant or respondent therein, may request indemnification from the Authority. Upon such request: (i) if there is a quorum of Members who are not and were not parties to such action or proceeding, the Members shall make a finding as to whether the requesting Member or officer has met the applicable standard of conduct; or (ii) if such a quorum of Members is not obtainable with due diligence, the Members shall obtain an opinion in writing of outside legal counsel as to whether such standard of conduct has been met by the requesting Member or officer. If a quorum of Members makes such finding or outside legal counsel gives such opinion, the Members shall authorize, and the Authority shall make, indemnification as provided in Section 2, upon a determination by the Members (or a person or body designated by the Members) that expenses sought to be indemnified were reasonable and actually and necessarily incurred as a result of the action or proceeding, and that any amounts paid in settlement (unless approved by the Members prior to such settlement) were reasonable in the circumstances.

(c) An employee who has not been wholly successful in the defense of an action or proceeding, or who was a party to an action or proceeding without being a defendant or respondent therein, may request indemnification from the Authority. Upon such request: The President shall notify the Members in writing of such request and of the particulars submitted by such employee in support of it, and the President may submit to the Members any further information or comments he thinks appropriate. Within two weeks after the next meeting of the Members following such submission, the Authority shall make indemnification as provided in Section 2, unless the Members shall have found that such employee has not met the applicable standard of conduct, or shall have decided to seek an opinion in writing of outside counsel with respect to that issue (in which event indemnification shall be made within six weeks after such meeting unless a negative opinion on that issue shall have been given), or unless and to the extent that the Members (or a person or body designated by the Members) shall have determined that expenses sought to be indemnified were not reasonable or not actually and necessarily incurred as a result of the action or proceeding, or that amounts paid in settlement (unless approved by the Members prior to such settlement) were not reasonable in the circumstances.

Section 6. Insurance. The Authority may, to the fullest extent permitted by law, purchase and maintain insurance on behalf of any Member, officer or employee of the Authority to indemnify such person in instances in which he/she has the right of indemnification by the Authority under the provisions of this Article.

Section 7. Applicability of this Article. (b) The provisions of this Article shall be in addition to and shall not supplant any indemnification by the State heretofore or hereafter conferred upon any Member, officer or employee by any statute, by Section 18 of the Public Officers Law, or otherwise; provided, however, that the Authority recognizes that its obligation to provide indemnification in accordance with this Article is primary and any obligation of the State to provide indemnification is secondary, in circumstances where both may be applicable.

(c) This Article shall be applicable, to the fullest extent permitted by law, to any claim for indemnification made after its adoption as a bylaw of the Authority, whether the action or proceeding to which such claim relates commenced, or the matters at issue therein occurred, before or after the adoption of this Article. It is contemplated that no subsequent amendment, supplement or repeal of this Article which deprives a Member, officer or employee of any substantial right or benefit conferred herein will be made applicable with respect to any claim for indemnification arising out of conduct of such Member, officer or employee occurring or alleged to have occurred after the adoption of this Article and prior to such amendment, supplement or repeal.

(d) Unless and until this Article shall be amended, supplemented or repealed in accordance with Article VII, the provisions of this Article shall constitute a contract between the Authority and each Member, officer or employee for indemnification in accordance with the provisions of this Article. BYLAWS
of the
BATTERY PARK CITY PARKS CONSERVANCY CORPORATION
(as amended through May 23, 2013)

ARTICLE I
Sole Member

Section 1. Qualification. The sole member of the Conservancy shall be Battery Park City Authority (the "Authority"). The members of Authority shall from time to time designate in writing any and all of its members or officers as representative(s) of the members in the exercise of the Conservancy's membership rights and obligations, and such designation shall be filed in the Conservancy's minute book.

Section 2. Meetings. There shall be an annual meeting of the sole member, for the election of directors and the conduct of such other business as may come before the meeting, to be held on the first day of November of each year, at a place and time designated by the President or the Chairman of the board of directors (the "Board"), or such later day in each calendar year as the President or the Chairman of the Board may determine. Special meetings of the sole member may be called at any time by the President or the Board, and shall be held at the time and place set forth in the notice of meeting.

Section 3. Notice of Meetings. Notice of each meeting of the sole member shall be given to the designated representative or representatives of the sole member by the Secretary not less than ten (10) nor more than fifty (50) days before the meeting. Such notice shall set forth the place, date and hour of the meeting and, in the case of a special meeting, the purpose or purposes of the meeting.

ARTICLE II
Board of Directors

Section 1. Number and Qualification. The affairs of the Conservancy shall be managed by the board. The initial directors shall be those persons whose names and addresses are set forth in the Certificate of Incorporation and they shall serve until the first annual meeting of the board and until the election and qualification of their successors. Thereafter, the number of directors shall be a number equal to the number of persons concurrently serving as members of the Authority and such directors shall be elected at the annual meeting of the sole member or at any adjournment thereof. No person shall be eligible for election as a director who shall not concurrently be serving as a member of the Authority. If more than one director shall be elected from among such officers at any one annual election, the sole member shall designate the order of election of such directors. At such time as the Governor of New York shall fill such vacancy or vacancies as may occur in the membership of the Authority, such director or directors elected from among such other officers (in the opposite order from the order of their election) shall cease to serve

on the Board, and the newly appointed member or members of the Authority shall be elected to the Board pursuant to the provisions of Section 2 of this Article. Subject to the preceding sentence of this Section, each director shall continue in office until the earlier of the next annual meeting of the sole member held after the election of such director and the election and qualification of a successor or until such time as he or she ceases to serve as a member or officer of the Authority. The directors shall serve without salary or other compensation.

Section 2. Resignation and Removal. Any director may resign by a notice in writing to the President or the Secretary. The acceptance of any such resignation, unless required by the terms thereof, shall not be necessary to make the same effective. Any director may be removed at any time either for or without cause by a vote of the sole member or for cause only by a vote of the directors, provided there is a quorum of not less than a majority of the entire Board present at the meeting at which such action is taken.

ARTICLE III Meetings of the Board

Section 1. Annual and Special Meetings. An annual meeting of the Board shall be held immediately following the annual meeting of the sole member. The President or any member of the Board may call a special meeting of the Board on not less than five (5) day's notice, given by mail, telegraph or telephone. All meetings of the board shall be held at such place within or without the State of New York as shall be designated in the notice of the meeting.

Section 2. Quorum and Board Action. A majority of the entire Board shall constitute a quorum for the transaction of business at meetings of the Board and, except as otherwise expressly required by statute or these Bylaws, all matters shall be decided by the vote of a majority of the directors present; but in the absence of a quorum those present at the time and place set for a meeting of the Board may take an adjournment from time to time, until a quorum shall be present.

Section 3. Participation by Videoconference. Any one or more members of the board or of a committee thereof may participate in a meeting of the board or the committee by means of videoconferencing equipment allowing all persons participating in the meeting to see and hear each other at the same time. Participation by such means shall constitute presence in person at the meeting. In the event any member of the board is present at a meeting of the board by means of conference telephone, such member may not speak, vote or otherwise participate in the meeting, and his or her presence shall not constitute presence in person at a meeting of the board for quorum purposes.

ARTICLE IV

Committees

Section 1. Audit and Finance Committee. There shall be an audit and finance committee which shall consist of three directors designated by the Chairman, one of whom the Chairman shall appoint as Chair of the committee. The Chairman shall be a non-voting member of the committee. To the extent practicable, members of the Committee should be familiar with corporate financial and accounting practices. The duties and responsibilities of the Committee shall be: (a) to recommend to the Directors the hiring of a certified independent accounting firm for the Conservancy; (b) establish the compensation to be paid to such firm; and (c) to provide direct oversight of the performance of the independent audit performed by the accounting firm hired for such purposes. The Chairman shall be a non-voting member of the committee. In addition, the Committee shall perform compensation-related duties and responsibilities, such as (a) considering policies regarding the payment of salaries, compensation and reimbursement of expenses for the president and management; and (b) making such other recommendations regarding compensation as the Committee may deem appropriate. Any action taken by the Committee between meetings of the Board shall be reported to the Board at its next meeting.

ARTICLE V Officers

Section 1. Election. At the annual meeting, or at any adjournment thereof, the board shall elect the following officers: a President, an Executive Director, a Vice President, a Secretary and a Treasurer. Any such office not filled at the annual meeting or adjournment thereof may be filled by the Board at any meeting. The Board may at any meeting by resolution elect and define the duties of such other officers as it may from time to time determine. The same person may be elected to more than one office, except that the offices of the President and Secretary shall not be held by the same person. A vacancy in any office may be filled by the Board at any meeting. All officers shall hold office at the

pleasure of the Board or until their respective successors shall have been elected and qualified. The officers shall receive such salaries or other compensation as may be authorized by the Board.

Section 2. Resignation and Removal. Any officer may resign at any time by delivering a written notice of resignation to the president or the Secretary of the Conservancy. The acceptance of any such resignation, unless required by the terms thereof, shall not be necessary to make the same effective. Any officer may be removed at any time for or without cause by the Board.

Section 3. President. The President of the Authority shall serve as the President of the Conservancy, and shall be the chief executive officer of the Conservancy and shall have general supervision over the business of the Conservancy and its several officers, subject, however, to the control of the Board. Except as otherwise hereinafter provided by the Bylaws, or by resolution duly adopted at any meeting of the Board, the president shall have the power to sign for the Conservancy all agreements and formal instruments and to perform such acts as usually pertain to the office or president. In the absence or disability of the President, the Vice President (or, if there be more than one, the Vice Presidents in the order of their election) or any employee of the Conservancy when specifically authorized by resolutions of the Board or by written directive of the president shall have the powers and perform the duties of the President. In the event of the absence or disability of the President and the Vice President (or, if there be more than one, each Vice President), a person may be appointed by the Board to discharge the President's functions in whole or in part, as the Board may specify.

Section 4. Executive Director. The Executive Director shall have general responsibility for the day-to-day administration and management of the Conservancy, in accordance with policies adopted by the Directors, and shall have such other duties as shall from time to time be assigned to him/her by the President or the Board. The Executive Director shall report directly to the President of the Conservancy or his designee who shall be a Vice President of the Conservancy.

Section 5. Vice President. The Vice President (or if there be more than one, each Vice President) shall assist the President in the supervision of the business of the Conservancy and its several officers and shall have such other powers and duties as the Board may prescribe.

Section 6. Treasurer. The Treasurer shall perform in general all the duties incident to the office of Treasures: the Treasurer shall have the custody of the funds and securities of the Conservancy, shall be in charge of the disbursement of its money and shall keep full and accurate accounts of receipts and disbursements in books belonging to the Conservancy, shall exhibit such books of accounts and records at the office of the Conservancy to any of the directors at any time upon request and shall render a

detailed statement to the directors as often as they shall require it, shall deposit the funds of the Conservancy in such banks or trust companies as the Board may designate from time to time and shall deposit any securities of the Conservancy with such banks or trust companies or, in such vault or vaults as the board may designate from time to time. The withdrawal of such funds or securities shall be made only on the signature or signatures of such one or more of the directors, officers or employees of the Conservancy as the Board may designate from time to time for such purpose. The treasurer shall perform such other duties as the Board may prescribe from time to time. In the absence or disability of the Treasurer, any Assistant Treasurer elected by the Board shall have the powers and perform the duties of the Treasurer.

Section 7. Secretary. The Secretary shall take and keep true minutes of all meeting of the Board and of committees of the Conservancy, shall have custody of the corporate seal, and shall have the authority to affix the same to any instrument requiring it, and when so affixed, to attest it. The Secretary shall notify directors of their election and of any meetings, as required by these Bylaws, shall prepare and present the business to be acted upon at meetings of the Board and of committees, under the general direction of the President, and shall perform in general all the duties incident to the office of Secretary and such other duties as the Board may prescribe. ARTICLE VI

Fiscal Year

The Conservancy's fiscal year shall commence on November 1 of each calendar year and conclude October 31 of the following calendar year.

ARTICLE VII

Contracts, Checks and Other Instruments

The Board may authorize any officer or officers, in the name of or on behalf of the Conservancy, to enter into any contract or to execute and to deliver any instrument, or to sign checks, drafts, endorsements, notes or other evidences of indebtedness of the Corporation. Such authority may be general or confined to specific instances, but unless so authorized by the Board or by these Bylaws, no officer shall have the power or authority to bind the Conservancy by any contract or engagement or to render it peculiarly liable for any purpose or for any amount. The Board, in its discretion, may reject any grant, gift or bequest if its conditions might conflict with or jeopardize the Conservancy's charitable

purposes. The Board shall have the final authority to make all grants and other charitable expenditures, and nothing in the Article shall constitute any restriction of or limitation on any powers of the Board conferred by statute or by these Bylaws.

ARTICLE VIII

Indemnification

Section I. Purpose and Definitions. The purpose of this Article is to provide for and regulate indemnification of Directors, officers and employees of the Conservancy. In this Article, the following terms shall have the meanings indicated below, except where the context clearly requires otherwise.

- (1) “action or proceeding” means any civil action or other civil judicial proceeding, any proceeding by or before an administrative agency or official investigatory body, any appeal from or judicial review of actions taken in any of the foregoing proceedings, and includes any such proceeding which is threatened, but does not include any criminal action or proceeding;
- (2) “party to an action or proceeding” means a person made, or threatened to be made, a defendant or respondent or otherwise a party in any action or proceeding, and includes a person called upon, voluntarily or by subpoena, to give testimony, produce documents or respond to interrogatories in connection with an action or proceeding;
- (3) “Director” means each Director of the Conservancy appointed or serving ex officio;
- (4) “officer” means the Chairman, the Vice Chairman, the President, the Executive Director, the Chief Executive Officer of the Conservancy and each person who has held or who holds from time to time any office so designated by the Conservancy for the purpose of this Article;
- (5) “employee” means each employee of the Conservancy who is not also a Director or officer;
- (6) “subsidiary or affiliate” includes each subsidiary or affiliate of the Conservancy;
- (7) “Director”, “officer” and “employee” of the Conservancy each includes persons who formerly served in such capacity and the estates of deceased persons who had served in such capacity; and each such term includes persons serving or who formerly served ex officio or by designation of the Conservancy as a director, officer or employee of any subsidiary or affiliate of the Conservancy, and the estates of deceased persons who had served in such capacity, provided that insofar as this Article distinguishes between Directors or officers of the Conservancy, on the one hand, and employees, on the other, the status with respect to indemnification of a person who served in any capacity with a subsidiary or affiliate and who concurrently was a Director or

officer of the Conservancy shall be that of a Director or officer, and the status of all other such persons shall be that of an employee of the Conservancy; and

(8) “applicable standard of conduct” means:

(i) with respect to an action or proceeding in which it is alleged that physical harm was caused to the person or property of a complainant or any harm was caused to his/her reputation, that such harm did not result from the willful and wrongful act or gross negligence of the Director, officer or employee seeking to be indemnified hereunder, or

(ii) with respect to any other action or proceeding, that the Director, officer or employee seeking to be indemnified hereunder acted in good faith for a purpose which he/she reasonably believed to be in the best interests of the Conservancy and had reasonable cause to believe his/her conduct was lawful.

Section 2. General Scope of Indemnification. The Conservancy shall, to the fullest extent permitted by law, indemnify any person who becomes a party to an action or proceeding by reason of the fact that he/she is or was a Director, officer or employee of the Conservancy against judgments, penalties, amounts paid in settlement and reasonable expenses, including attorneys’ fees, actually and necessarily incurred as a result thereof, unless the conduct of such Director, officer or employee in the matters at issue in such action or proceeding is found, in the manner prescribed in this Article, not to have met the applicable standard of conduct.

Section 3. Representation of Persons Indemnified. The Conservancy may, either by its own staff counsel or by outside counsel of its choice, assume the representation of any person who becomes a party to the action or proceeding, except in situations in which (i) choice of counsel is governed by statute, or (ii) the Conservancy’s counsel determines that it is inappropriate or inadvisable for such person to be represented by counsel chosen by the Conservancy. In the event the Conservancy does not assume such representation, such person shall have the right to engage private counsel of his choice and the Conservancy shall have the obligation of indemnification for the reasonable fees and expenses of such private counsel as provided in this Article; provided, however, that the Conservancy as a condition to such indemnification for the cost of private counsel may, and where the Attorney General has so required as a condition to indemnification by the State of New York pursuant to statute shall, require appropriate groups of persons to be represented by the same counsel; and further provided, however, that the Conservancy as a condition to such indemnification shall: 1) review and approve the terms of such engagement of private counsel to determine reasonableness of such fees and expenses; and 2) require such persons to execute an agreement in writing that any sums advanced under this Article 8 shall be

repaid if the person receiving such advances is ultimately found not to be entitled to indemnification, or to the extent the expenses so advanced by the Conservancy exceed the indemnification to which he/she is ultimately found to be entitled.

Section 4. Advances of Expenses. (a) A Director or officer who becomes a party to an action or proceeding may request that the Directors authorize the Conservancy to advance expenses pending the final disposition of such action or proceeding. Upon such request: (i) if there is a quorum of Directors who are not parties to such action or proceeding, the Directors shall make a tentative finding as to whether it then appears that the requesting Director or officer has met the applicable standard of conduct; or (ii) if such a quorum of Directors is not obtainable with due diligence, the Directors shall obtain an opinion in writing of outside legal counsel as to whether it then appears that such standard of conduct has been met by the requesting Director or officer. If a quorum of Directors makes such findings or outside legal counsel gives such opinion, the Directors shall authorize the Conservancy to pay, and the Conservancy shall pay, from time to time in advance of the final disposition of the action or proceeding, reasonable expenses as described in Section 2 incurred by such Director or officer in connection with such action or proceeding. The amounts of payments made to counsel engaged by the Conservancy and private counsel engaged to represent Directors and officers indemnified under this Article shall be periodically reported to the Directors by the Executive Vice President/General Counsel..

(b) Reasonable expenses as described in Section 2 incurred by an employee who becomes a party to an action or proceeding shall be paid by the Conservancy from time to time pending the final disposition of such action or proceeding without necessity for any authorization, findings, or other action by the Directors prior to the making of such advances; provided, however, that the Directors (i) may make a tentative finding at any time prior to the final disposition of such action or proceeding that it then appears that an employee has clearly not met the applicable standard of conduct, or may seek an opinion in writing of outside legal counsel with respect to that issue, and if such a tentative finding shall be made or a negative opinion on that issue shall be given, no further advances under this paragraph shall be made with respect to expenses of such employee, and (ii) may determine, or provide for the determination of, the reasonableness of expenses sought to be advanced. The amounts of payments made to counsel engaged by the Conservancy and private counsel engaged to represent employees indemnified under this Article shall be periodically reported to the Directors by the Executive Vice President/General Counsel.

Section 5. Indemnification on Final Disposition. (a) A person who has been wholly successful, on the merits or otherwise, in the defense of an action or proceeding shall be deemed to have met the

applicable standard of conduct and shall be entitled to indemnification against reasonable expenses as described in Section 2, and the Conservancy shall make such indemnification without necessity for any authorization, findings or other action by the Directors prior to such indemnification, except that the Directors may determine, or provide for the determination of, the reasonableness of such expenses.

(b) A Director or officer who has not been wholly successful in the defense of an action or proceeding, or who was a party to an action or proceeding without being a defendant or respondent therein, may request indemnification from the Conservancy. Upon such request: (i) if there is a quorum of Directors who are not and were not parties to such action or proceeding, the Directors shall make a finding as to whether the requesting Director or officer has met the applicable standard of conduct; or (ii) if such a quorum of Directors is not obtainable with due diligence, the Directors shall obtain an opinion in writing of outside legal counsel as to whether such standard of conduct has been met by the requesting Director or officer. If a quorum of Directors makes such finding or outside legal counsel gives such opinion, the Directors shall authorize, and the Conservancy shall make, indemnification as provided in Section 2, upon a determination by the Directors (or a person or body designated by the Directors) that expenses sought to be indemnified were reasonable and actually and necessarily incurred as a result of the action or proceeding, and that any amounts paid in settlement (unless approved by the Directors prior to such settlement) were reasonable in the circumstances.

(c) An employee who has not been wholly successful in the defense of an action or proceeding, or who was a party to an action or proceeding without being a defendant or respondent therein, may request indemnification from the Conservancy. Upon such request: The President shall notify the Directors in writing of such request and of the particulars submitted by such employee in support of it, and the President may submit to the Directors any further information or comments he thinks appropriate. Within two weeks after the next meeting of the Directors following such submission, the Conservancy shall make indemnification as provided in Section 2, unless the Directors shall have found that such employee has not met the applicable standard of conduct, or shall have decided to seek an opinion in writing of outside counsel with respect to that issue (in which event indemnification shall be made within six weeks after such meeting unless a negative opinion on that issue shall have been given), or unless and to the extent that the Directors (or a person or body designated by the Directors) shall have determined that expenses sought to be indemnified were not reasonable or not actually and necessarily incurred as a result of the action or proceeding, or that amounts paid in settlement (unless approved by the Directors prior to such settlement) were not reasonable in the circumstances.

Section 6. Insurance. The Conservancy may, to the fullest extent permitted by law, purchase and maintain insurance on behalf of any Director, officer or employee of the Conservancy to indemnify such person in instances in which he/she has the right of indemnification by the Conservancy under the provisions of this Article.

Section 7. Applicability of this Article. (a) The provisions of this Article shall inure only to Directors, officers and employees of the Conservancy, as defined herein, shall not enlarge or diminish the rights of any other party to an action or proceeding, and shall not impair, limit or modify the rights and obligations of any insurer under any policy of insurance. This Article is to be construed liberally in favor of each Director, officer or employee, to the fullest extent permitted by law, and any ambiguity, uncertainty or reasonable doubt as to facts, interpretation or legal conclusions shall be resolved in favor of such Director, officer or employee.

(b) The provisions of this Article shall be in addition to and shall not supplant any indemnification by the State heretofore or hereafter conferred upon any Director, officer or employee by any statute, by Section 18 of the Public Officers Law, or otherwise; provided, however, that the Conservancy recognizes that its obligation to provide indemnification in accordance with this Article is primary and any obligation of the State to provide indemnification is secondary, in circumstances where both may be applicable.

(c) This Article shall be applicable, to the fullest extent permitted by law, to any claim for indemnification made after its adoption as a bylaw of the Conservancy, whether the action or proceeding to which such claim relates commenced, or the matters at issue therein occurred, before or after the adoption of this Article. It is contemplated that no subsequent amendment, supplement or repeal of this Article which deprives a Director, officer or employee of any substantial right or benefit conferred herein will be made applicable with respect to any claim for indemnification arising out of conduct of such Director, officer or employee occurring or alleged to have occurred after the adoption of this Article and prior to such amendment, supplement or repeal.

(d) Unless and until this Article shall be amended, supplemented or repealed in accordance with Article VII, the provisions of this Article shall constitute a contract between the Conservancy and each Director, officer or employee for indemnification in accordance with the provisions of this Article. In the event that any Director, officer or employee shall be aggrieved by a determination of the Conservancy or the Directors or outside counsel made under this Article, or by a failure of the Conservancy or the Directors to act as provided herein, he/she shall be entitled to seek appropriate relief against the

Conservancy in any court of competent jurisdiction within the State of New York in accordance with the standards for indemnification set forth herein.

ARTICLE IX

Waiver of Notice

Whenever any notice is required to be given under the provisions of the laws of the State of new York or under the provisions of the Certificate of Incorporation or these Bylaws, a waiver thereof, in writing, signed by the person or persons entitled to said notice, whether before after the time stated therein, shall be deemed equivalent to the

ARTICLE X

Amendments

These Bylaws may be amended, supplemented or repealed (i) at any meeting of the sole member, or (ii) provided that written notice of the proposed amendment, supplement or repeal has been sent at least five (5) days in advance of the date set for a Board meeting, at the second regularly scheduled meeting after written notice has been given.

23. Material Pending Litigation

The Authority is involved in personal injury, real estate, employment and other miscellaneous claims and lawsuits in the ordinary course of business. The Authority believes it has meritorious defenses or positions with respect thereto. Authority management is of the opinion that the liability, if any, for any of these matters will not have a material adverse effect on the financial position of the Authority, and that any potential losses would in any event be covered by the Authority's various insurance policies or through contractual indemnification provisions.
