The following revisions and/or clarifications are to be made to the Request for Proposal for “**Police Memorial and North Cove Marina Electrical Vault Resilience Project Construction Services.**” They are a result of issues discussed at the pre-proposal conference held on 9/24/15 and any questions received to date.

Questions: (answers to all question are shown in Italics immediately after the question)

1. Spec section 044200-2 item 2.01 calls for "match coping stone at 9/11 memorial fountains" and "same producer as 9/11 memorial fountains." Please indicate if alternate stone types and other fabricators will be allowed to bid.

Response: In an effort to maintain a uniform appearance throughout the site alternate stone types and colors will not be accepted however alternate suppliers / producers will be accepted in conformance with Section 01 60 00 of the Technical Specifications.
