

BATTERY PARK CITY BALLFIELDS OVERVIEW

Overview:

Permits are required for certain activities in Battery Park City parks and need to be obtained in advance. These activities include, but are not limited to: group use of parks; organized gatherings or athletic events; wedding ceremonies and wedding photography; commercial film, television, or still photography and videos. Permits are recommended to ensure the safe and proper use of the parks. Public safety, park preservation and public access considerations have priority in issuing permits. All events require Certificates of Liability Insurance. Liability insurance must be in an amount of not less than \$1,000,000 per event and name BPCA as the "certificate holder" and BPCA, Battery Park City Parks Conservancy ("BPCPC"), and the City and the State of New York as "additional insured" parties. No cash is accepted. Applicants must submit payment by checks, credit cards or money orders prior to the issuance of a permit. BPCA and BPCPC reserve the right to schedule special events and maintenance that may require rescheduling of permitted activities, and to require anyone engaging in disorderly behavior or violating the following rules to leave the premises. All rules and regulations are designed for public safety, and to maintain and protect the artificial turf fields for everyone's enjoyment. In the event of inclement weather or poor field conditions, fields will be closed when determined necessary by BPCA and BPCPC.
