---

The following clarification is provided in response for a request for clarification received by Battery Park City Authority (“BPCA”) in connection with the Comprehensive Unarmed Security Services Request for Proposals (the “RFP.”)

**Clarification:**

In Addendum #1, BPCA’s response to question 13 read, in part, as follows:

*Proposers should provide their cost proposal in format of the revised chart below for each of the five years in the term of the Contract.*

For the avoidance of any doubt, Proposers should provide their cost proposal in format of the chart already provided in the initial Request for Proposals. Proposers should provide more than one chart only if they are changing their rates over the term of the Contract. Rates may change no more than annually.

By signing the line below, I am acknowledging that this addendum has been received, reviewed, and understood, and will be incorporated into the cost proposal submitted. This document must be attached to the proposal for consideration.
