2019 In Review

2019 Goals Revisited

- Advance resiliency design & engineering for BPC and Lower Manhattan.
- Finalize capital plan with associated financing and City approvals.
- Work to preserve rental housing and expand affordability.
- Develop strategy for new environmentally responsible practices and energy efficiency incentives for buildings.
- Provide cultural programs, services, and installations to make our parks and public spaces more welcoming.
- Finalize a strategy to address the master lease term.
- Create a security framework that enhances both safety and service.
- Continue with preventative maintenance and capital repairs and upgrades to protect and preserve our infrastructure.
- Mobilize our organization to efficiently accomplish our projects.

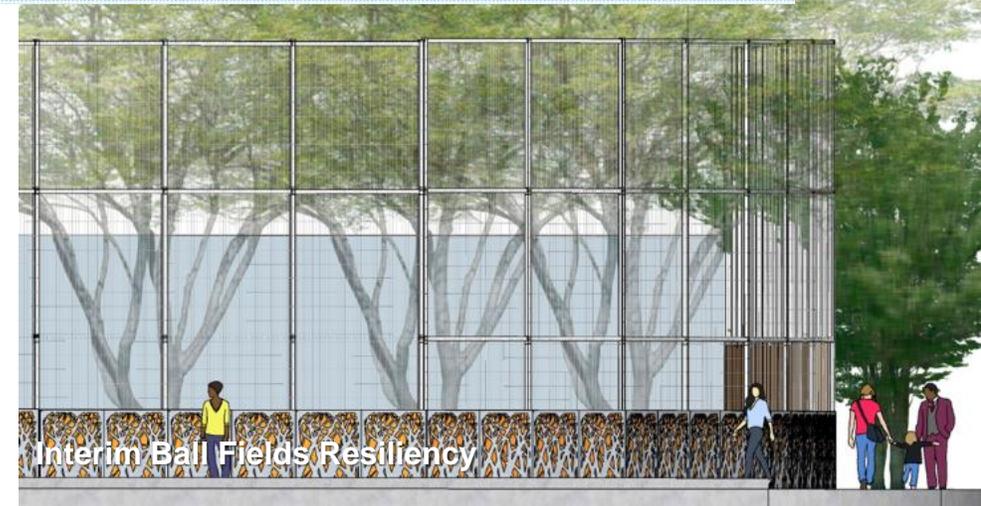

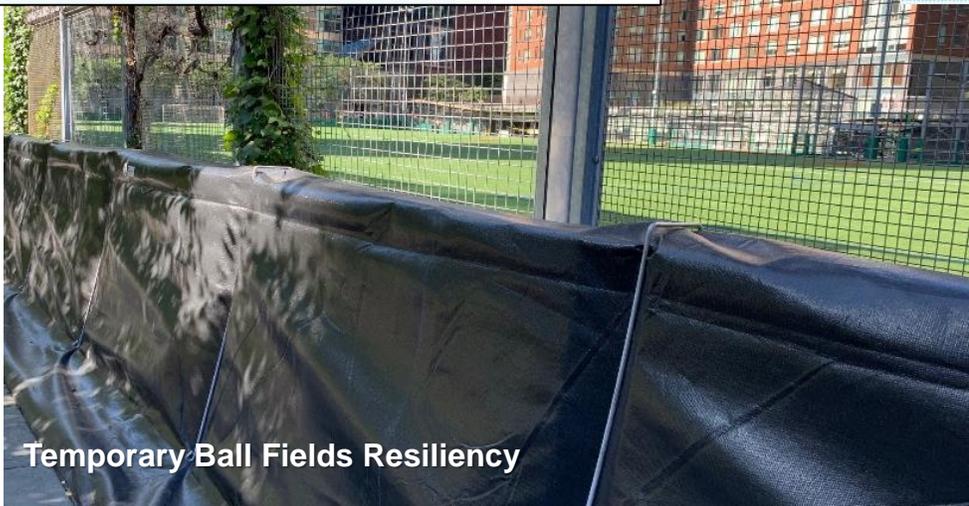

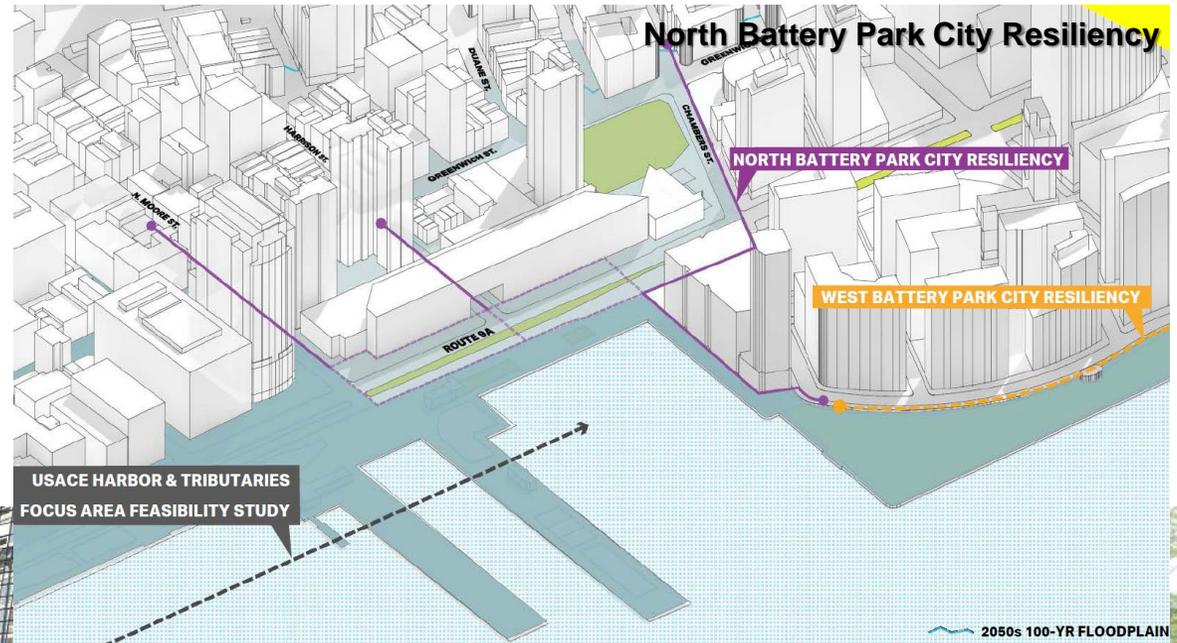

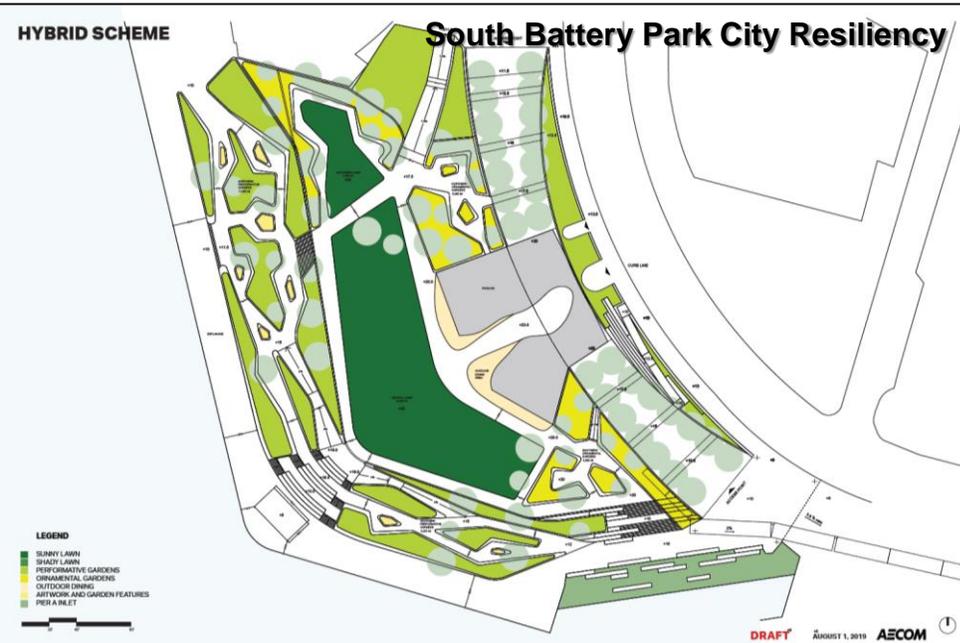

2019 Accomplishments

- **Resiliency:** Launched South BPC, North BPC, and Ball Fields resiliency projects
- **Capital plan & Financing:** Developed 5-year plan, executed agreement with City, and conducted \$673 million financing with \$100 million of new money
- **Affordability & Lease Term:** Initiated discussions with representatives from all buildings to address affordability, rent reset, and lease term concerns
- **Environmental Responsibility:** Conducted a zero waste pilot, expanded compost operations, issued first sustainability bond and kicked off sustainability plan and green guidelines project
- **Programming:** Presented over 1,300 programs with more diverse offerings than ever
- **Security:** Initiated special patrol officers, developed comprehensive security framework, strengthened our NYPD partnership, and launched new security assessment
- **Capital Repairs and Upgrades:** Completed South Cove Jetty restoration, Tribeca Bridge painting, and PS89, Kowsky, and Teardrop Park playgrounds restorations
- **Mobilization:** Upgraded financial system, expanded staff training, and developed first ever strategic plan

I'M DOING MY PART. ARE YOU?

In continuing our commitment to sustainability, BPCA will be launching a Dog Waste Compost Program. More information is available at our 3 dog runs.

Our goal is to send less dog waste in its raw form to the landfill. Doing this, BPCA can save up to 13.5 tons of dog waste from entering the fill and reduce the methane gas released into the environment.

BPCA's Resilience Action Plan

Last Update: October 28, 2019

In partnership with

PIONEERED BY THE
ROCKEFELLER FOUNDATION

100 RESILIENT CITIES

What is urban resilience?

Why Develop a Resilience Action Plan?

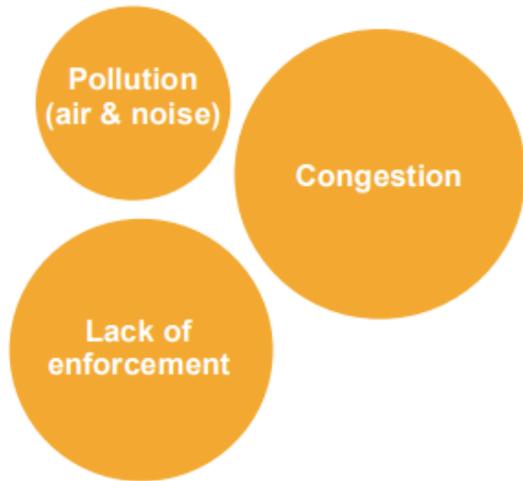

- Assess Battery Park City's resilience to shocks and stresses
- Identify gaps and opportunities to build on strengths
- Improve transparency and get alignment with stakeholders on BPCA's strategic direction
- Memorialize our efforts to promote continued progress

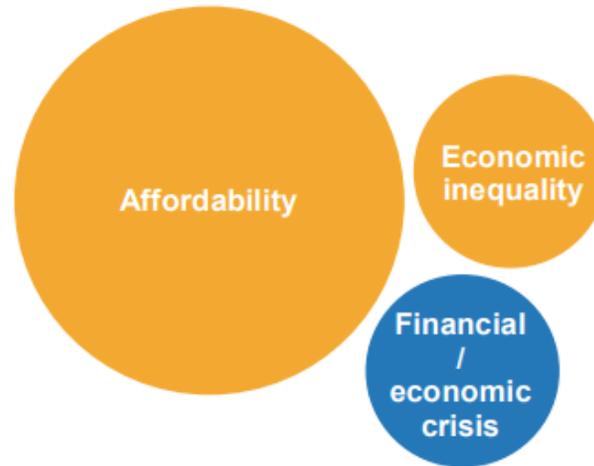

Phase 1: Preliminary Resilience Assessment

Shocks and Stresses

Quality of life concerns

Economic concerns

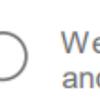

Safety and security concerns

Environmental concerns

An Inclusive Community

A Safe and Climate Resilient Place

Vibrant Public Space

Leadership for the Future

Phase 2: Resilience Goals and Actions

An Inclusive Community

- 1.1 Expand housing affordability and certainty
- 1.2 Promote businesses that are diverse, create social benefit and provide services that meet the needs of our community
- 1.3 Make our streetscape and public spaces accessible and enjoyable to a wide range of users

A Safe & Climate Resilient Place

- 2.1 Adapt our built environment and natural systems to a changing climate
- 2.2 Develop and implement a strategy to achieve a carbon neutral BPC
- 2.3 Support and augment the safety and security services within BPC

Vibrant Public Space

- 3.1 Provide dynamic and diverse programming across Battery Park City that welcomes and brings together a wide range of residents and visitors.
- 3.2 Amplify and steward our world-class public spaces through forward-thinking design, quality and craftsmanship.
- 3.3 Remain fertile ground and an international destination for world-class public art and culture.

Leadership for the Future

- 4.1 Mobilize our organization to improve the delivery of services and efficiently accomplish our projects.
- 4.2 Embrace diversity by promoting access to contracting opportunities
- 4.3 Integrate climate resilience and sustainability into our policies and operations.
- 4.4 Strengthen collaboration with partners, residents, and stakeholders to promote innovation and clarity in governance practices
- 4.5 Establish best in class practices in our stewardship of public resources.

BPCA's Fiscal Year 2020 Budget

Last Update: October 28, 2019

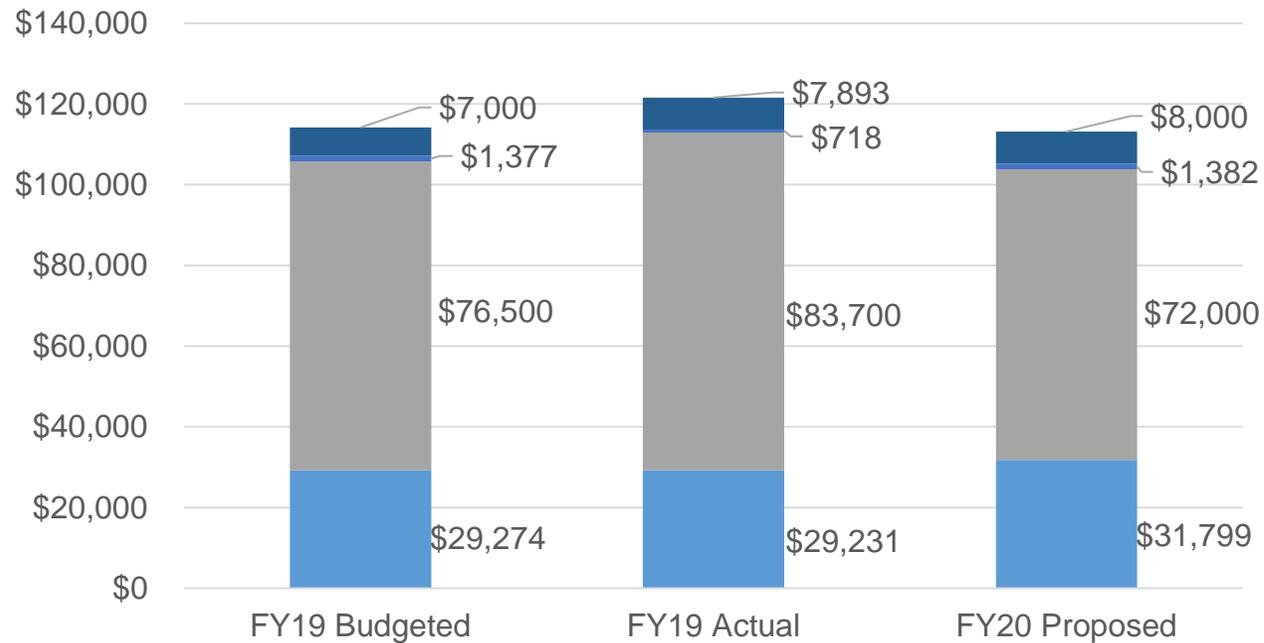

Budget Summary – Receipts in 000's

FY20 Budgeted Sublease Revenues \$320 million

Budget Summary – Expenditures in 000's

- Total Operating Expenses
- Debt Service
- NYC - Pier A/Bridge/Eastern Border
- NY State Cost Recovery

2020 Targeted Investments

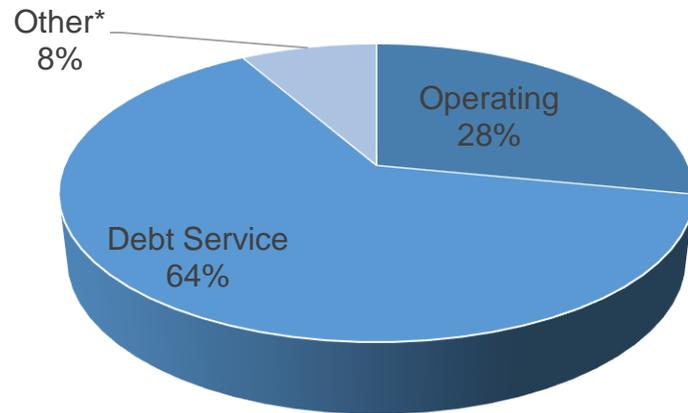

- **Sustainability plan and new green guidelines:** The creation of a sustainability plan is necessary to advance our energy efficiency agenda in line with the Governor's Green New Deal and will provide us with the roadmap to achieve the board's resolution to develop a plan by Earth Day 2020. This expenditure corresponds with the Buro Happold consulting contract approved at the September Board meeting. The plan contemplates a 10-year planning horizon and, thus, is not expected to be an expense that will need to be incurred again at this level for the next decade. Budget: \$1.3 million
- **Asset Management:** As part of our ongoing efforts to bolster asset management practices, we will be conducting a legal review of all ground lease requirements (reporting and payments) and leveraging management consulting services to support the development of additional asset management processes, assignment of asset management duties, and configuration of new asset management software. Budget: \$350,000
- **New/modified positions:** In FY19 we hired a junior revenue accountant, part time special counsel, and converted an administrative line to a capital projects manager to support our growing workload. We will add a project manager in FY20 as several of our capital projects (including two of the four resiliency projects) transition into the construction phase. Budget: \$332,000.
- **Temporary flood protection measures:** Our new muscle wall system will be used for the community center next hurricane season and resources are needed to enable us to dismantle it from the ballfields and reinstall it next year. Budget: \$187,000
