

Project: New York City Police Memorial Expansion General Contractor Services Request for Proposals (the “RFP”)

Date: November 18, 2019

RE: Addendum #2

of Pages: 36

The following responses (the “Responses”) are provided to questions the Battery Park City Authority (“BPCA”) has received in writing regarding this RFP. The Responses are provided in bold, italicized print immediately following the questions.

1. Are the Hex Pavers set in Asphalt?
The asphalt pavers are set on a bituminous asphalt bed with adhesive.
2. Please provide quantity/allowance for hex paver replacement.
The limit of work is provided in the Construction Documents. It is the Proposer’s responsibility to calculate the number of pavers associated with the impacted area.
3. Please provide quantity/allowance for granite cobble stone replacement.
In formulating their Proposals, Proposers should assume repair of fifty (50) cobbles in the Memorial pool.
4. Please indicate whether temporary water and electric will be provided.
Temporary water and electric service are available within the Project Site.
5. Please confirm what we are to do with the stones to be removed. Are we salvaging the units, demolishing the units?
The selected Proposer is responsible for salvaging the dismantled/demolished granite remnants of the Memorial’s western wall and providing these salvaged materials to BPCA. As stated in Section II of the RFP’s Exhibit A Scope of Work, Proposers should assume that they will be responsible for crushing or pulverizing the salvaged materials and transferring them by truck to, and offloaded at, a to-be-specified destination within five (5) miles of the Project Site. The selected Proposer is responsible for the removal from the Project Site and lawful disposition of any and all additional construction waste and debris.
6. Are we responsible for trucking the removed stone units? Please confirm where,
As stated in Section II of the RFP’s Exhibit A Scope of Work, Proposers should assume that they will be responsible for crushing or pulverizing the salvaged materials from the Memorial’s western wall and transferring them by truck to, and offloaded at, a to-be-specified destination within five (5) miles of the Project Site. Apart from the remnants of

the western wall, the selected Proposer is responsible for the removal from the Project Site and lawful disposition of any and all additional construction waste and debris.

7. Please provide specification for the trench drain.
The trench drain is custom stainless steel fabrication as per the RFP's Construction Documents, attached to the RFP as Exhibit G.
8. Please confirm if the soil will be testing by others prior to removal for contamination.
The soil will be tested by others prior to removal.
9. Please confirm the scope for irrigation. Is it just be removed and capped off?
The selected Proposer will be responsible for removing irrigation components within the Project Site. BPCA will cut and cap the irrigation system at a termination point outside of the Project Site to be determined by BPCA in advance of the commencement of the Project.
10. Please confirm working hours? 7 AM start?
The selected Proposer will be allowed to start work at the Project Site starting at 7 a.m. and may work until 7 p.m. without additional permitting.
11. How much of the site surrounding will we be allowed to close off to pedestrians? We assume barriers with fencing will be utilized.
The selected Proposer will be able to close off the area illustrated in the map/diagram, attached hereto as Addendum 2, Exhibit A. Clearance of at least twelve (12) feet in width must be maintained for vehicle access from Liberty Street to the North Cove Marina. Proposers are requested to provide a proposed construction site layout with their Proposals.
12. Will bathrooms be provided?
Bathrooms will not be provided. There are public restrooms in the vicinity of the Project Site. The selected Proposer may also provide portable toilets within the Project Site as deemed necessary. In that event, the selected Proposer will be responsible for regularly and adequately maintaining the portable toilets.
13. Will an office/changing area be provided?
Space will be made available for the selected Proposer's temporary placement of a trailer at Monsignor Kowsky Plaza which is immediately adjacent to the Project Site, as illustrated in the attached Addendum 2, Exhibit A.
14. Can you please confirm the inscription process?
The Memorial's original inscriptions were performed off-site using bead blasting.

15. I am looking for the document with all the names, was that provided?
A spreadsheet of names of deceased New York Police Department (“NYPD”) officers, and dates on which they died, as provided by NYPD, is attached hereto as Addendum 2, Exhibit B. Please note that the electronic artwork files will be provided to the selected Proposer upon execution of the contract associated with this RFP.
16. Can you please provide the company name who performed the original inscription?
The Memorial’s original General Contractor was Pansini Stone Setting, Inc., and the original inscriptions were completed by its stone fabricator Kenneth Castellucci Stone & Associates, Inc.
17. Please confirm this is performed onsite.
The original inscriptions were performed off-site, and it is expected that the new inscriptions required as part of this Project will likewise be performed off-site, in a controlled environment.

By signing the line below, I am acknowledging that all pages of Addendum 2 have been received reviewed and understood and will be incorporated into the bid price submitted. This document must be attached to the Proposal for consideration.
