

Project: Battery Park City Ballfield and
Community Center Resiliency –
General Contractor Services

Date: December 2, 2019

RE: Addendum # 4

of Pages: 1

The following addition is hereby made to the Request for Proposals (the “RFP”) for the Battery Park City Ballfield and Community Center – General Contractor Services Project:

The RFP’s Exhibit A - Scope of Work - Section III: General Considerations is revised to add:

d) Unavoidable Damage To Turf: The selected Proposer will not be held responsible for the cost of repairing damage to the Ballfield’s synthetic turf, or its base and underlayment, caused by the Work and that could not with reasonable and diligent care have been avoided or minimized during the course of performing the Work, as determined by BPCA and/or the Project’s Construction Manager in its sole discretion. For the avoidance of doubt, the selected Proposer is responsible for the removal of the existing top layer of turf as needed for installation of the Ballfield Barrier System, as well as its restoration as described in the Construction Documents.

By signing the line below, I am acknowledging that this Addendum #4 has been received, reviewed, and understood, and will be incorporated into the Proposal submitted. This document must be attached to the Proposal for consideration.
